## Salama in summer

### Hello Dear friends..

Days of the year passes so fast, full of work, routine, fatigue and the eyes always look forward to the summer. The summer vacation begins with its happy days..

It is along waited season. Everybody wait the summer, students after a long, exhausting academic year, or even the employees to rest a bit from their work. Some families take advantage of summer vacation days to prepare their children for the new school year with high morale. At this time, they find a good opportunity to relieve children of the stress of

the lessons they received during their academic year. Parents benefit from this period well, and devote their efforts to develop the love of learning and perseverance in the hearts of their children, and organize long hours with children during the summer vacation by taking them on useful trips and recreational at the same time; through the visit of archaeological sites, and involve them in cultural competitions organized by some institutions and associations during the summer vacation; such as competitions of poetry, prose, drawing, story and photography, to break the boredom, and benefit from long leisure time.

Salama shares with her friends enjoying summer vacation until going back to school.

**Salama**

# Top Scoop

## (Smart Safety Bus) at the Ministry of Interior

Members of the traffic culture principles committee of the Federal Traffic Council of the Ministry of Interior listened to an explanation about the services and benefits offered by the Smart Safety Bus to students in schools, aiming to establish traffic safety at the level of the UAE.

## (Tolerant behind the steering wheels) in "Islamic Affairs" and "Mohammed Bin Rashid Housing"

Tolerant behind the steering wheels program has organized awareness activities for female employees in the Department of Islamic Affairs and Mohammed Bin Rashid Housing Establishment. The events focused on providing a range of tips and guidance to help avoid traffic accidents and injuries resulting from them. Tolerant behind steering wheels is one of the new programs that has been launched by Traffic Awareness Section on the occasion of the Year of Tolerance in order to raise the awareness of female employees in government departments and institutions regarding traffic safety rules.

## Training workshop on child seat in Latifa and Zahra hospitals

As part of the Child Safety program, the Traffic Department organized a training workshop at the Latifa Hospital and Al Zahra Hospital on the importance and how to use the child's seat, as well as distributing awareness leaflets to guide mothers with the right ways to protect children from traffic accidents. One of the mothers at Latifa Hospital won the monthly draw of a Child car seat, and other gifts from Cetaphil were distributed to the rest of the mothers.

## Smart bus dazzles school students

In cooperation with STS and Dubai Taxi Corporation, Smart Traffic Bus team organized visits to several schools in Dubai, including Al Ittihad School Al Mamzar Branch, Dubai Modern School, Dar Al Maarifah School, GEMS Private School. Students benefited from the programs and services provided by the bus to raise their traffic awareness and maintain zero deaths in school districts.

## لا تُقفل قبل أن تتفقد.

تأكد من عدم ترك أحد قبل إغلاق سيارتك. يجب عدم ترك الأطفال في السيارة دون مرافق خصوصاً عندما تكون النوافذ مغلقة بإحكام والأبواب موصلة، مخافة أن تصبح السيارة فخاً للموت بسبب الاختناق عندما ينفد الأكسجين داخل المركبة أو نتيجة تسرب غازات سامة. ويمكن أن يحدث ذلك عند أية درجة حرارة وبفض النظر عن نوع الطقس.. سلامتك غايتنا.

## Always look before you lock.

Never leave anyone unattended in the car. Children should not be left unattended in a car, especially with the windows tightly shut and the doors locked, as the car could become a death trap by suffocation that happens when the oxygen in the car is depleted or as a result of toxic gas leaks, regardless of the temperature level or kind of weather.. Your safety is our aim.

## Happy and useful Vacation

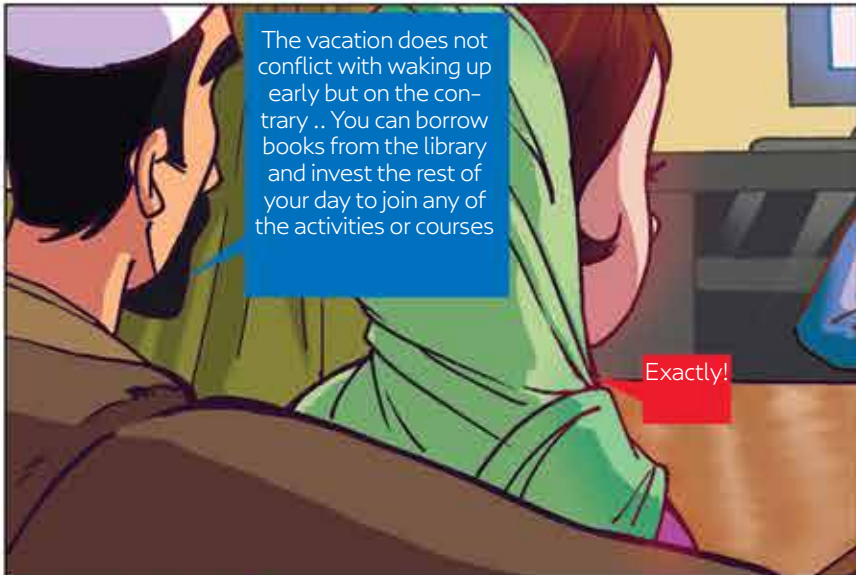

Scenario: Loulwa Thani

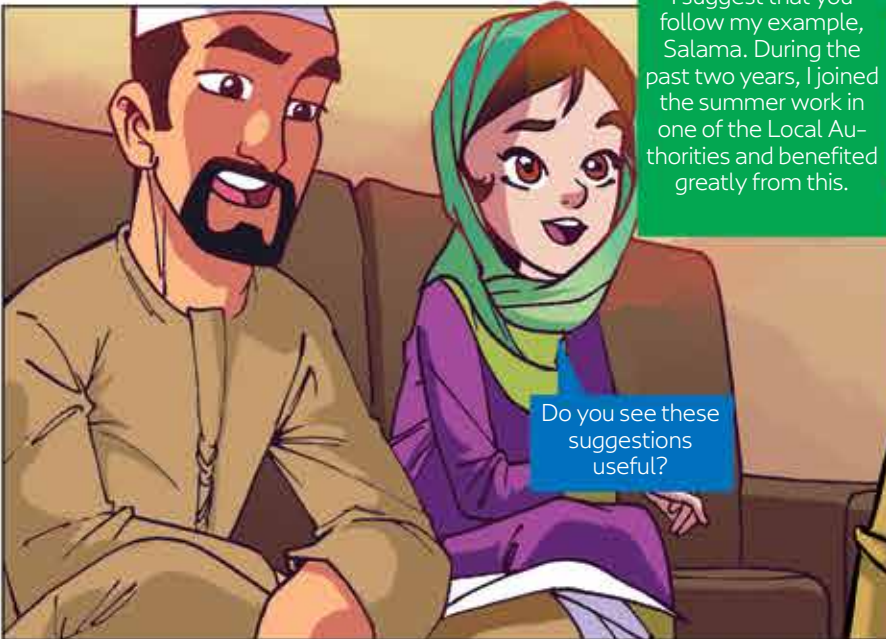

What do you think Dad.. How can I spend my vacation after I get used to wake up early for school and for studying?

The vacation does not conflict with waking up early but on the contrary .. You can borrow books from the library and invest the rest of your day to join any of the activities or courses

Exactly!

I suggest that you follow my example, Salama. During the past two years, I joined the summer work in one of the Local Authorities and benefited greatly from this.

Do you see these suggestions useful?

How wonderful is this!

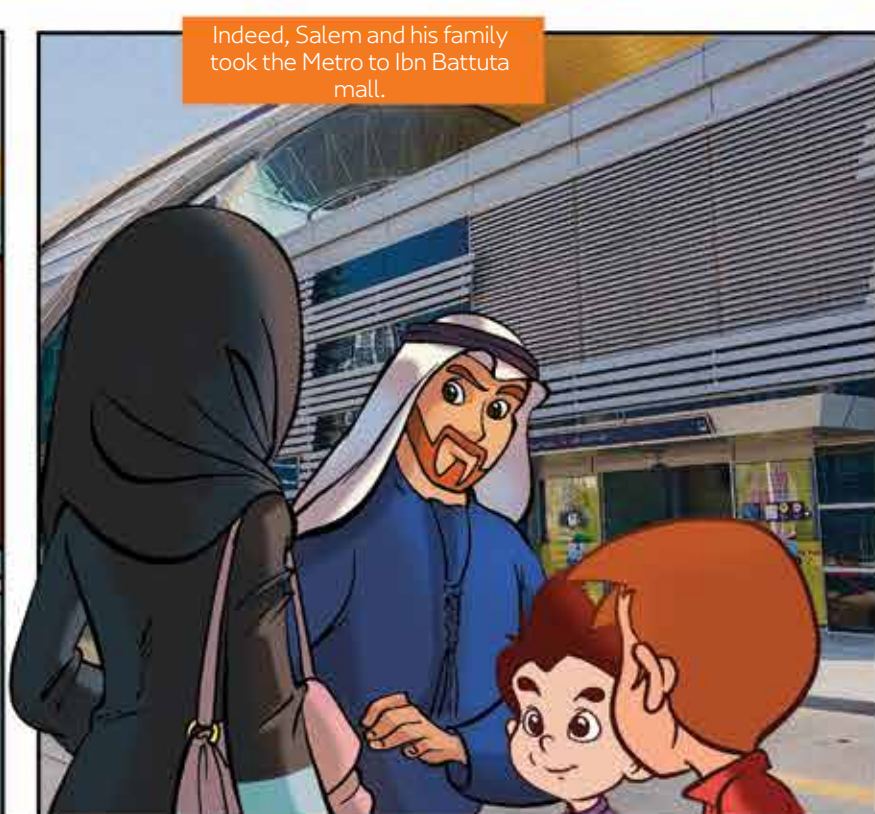

Brilliant.. I will immediately search the internet for events that suit my interests so that I can enjoy and benefit from my vacation.

## A Tour in Dubai Metro

This beautiful place has been opened in September 2009 and is a masterpiece of design where it was built according to the latest specifications.

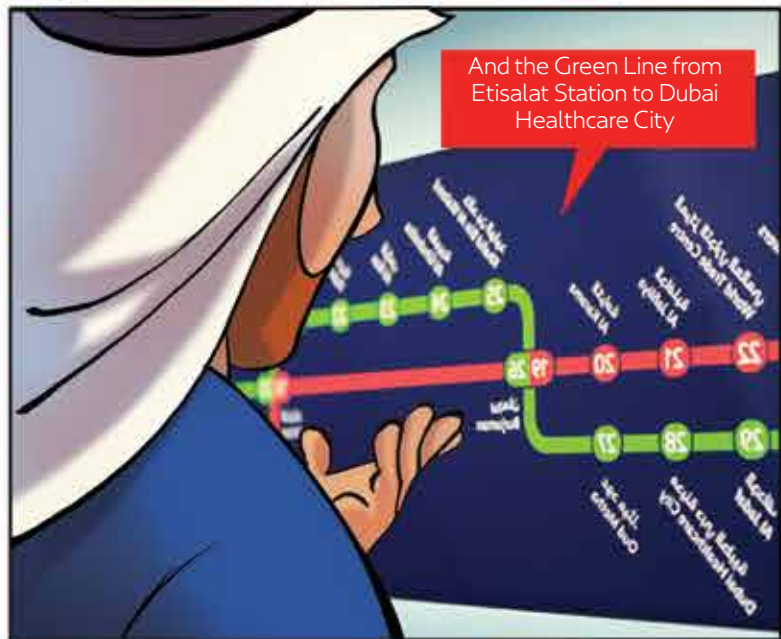

The Metro operates without a driver .. There are markets, waiting areas and parking lots at the stations.

As you see, my son, these are the metro tracks. The red line from Rashidiya station to Jebel Ali port.

And the Green Line from Etisalat Station to Dubai Healthcare City

Interior design is also not less luxurious than the exterior design, there are seats in the cabins reserved for people of determination, for women, for the public and all of the seats are comfortable.

Now we have arrived at our station .. Let's get ready to go down kids

Thank you dad for this lovely tour and this precious information

## Summer Vacation

The Stork's family arrived to their destination and already started to follow the programme prepared by the mother

I agree with you.. We don't want to waste our vacation fun time in sleeping

After waking up at a good time, the family started to enjoy the morning exercise.

Then they visited the tourist spots and went out to the refreshing beach.

Then they went to other beautiful places where they spent wonderful time.

At leisure, the little stork was busy reading some interesting and entertaining magazines at the same time

What do you think?

Well done, it is a remarkable programme

At the end of the day they were keen to sleep in a timely manner .. That was the program of the trip to the family of the stork in summer vacation

### Instructions for using bathroom and kitchen faucets

Senario : Eman Hosny

Illustrations: Shaimaa Ibrahim Gamil

Alia sitting at her friend's house and suddenly they hear the sound of her brother playing in water

What is this sound?

That's my little brother playing in the water as usual.

Sheeeeeee  
eeeeeee

As usual! .. Is he used to that?

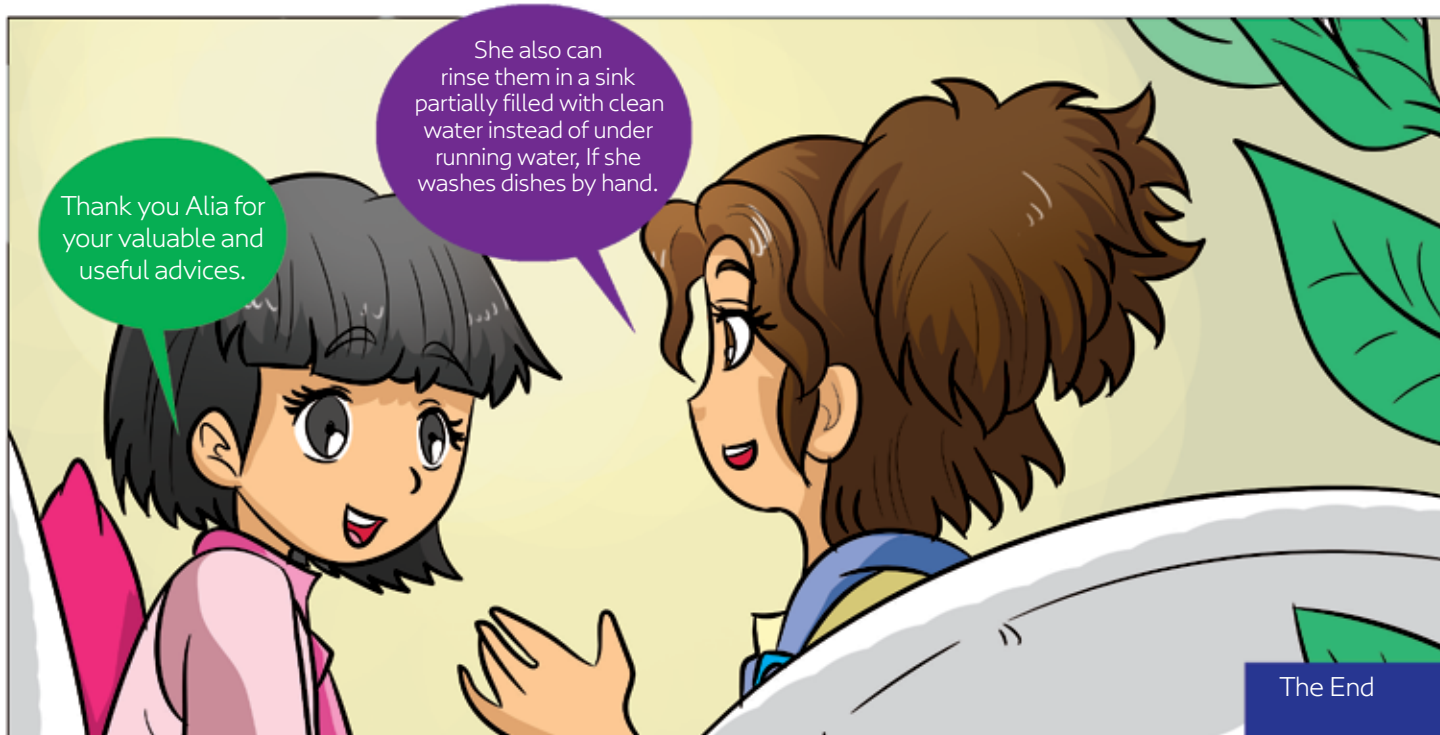

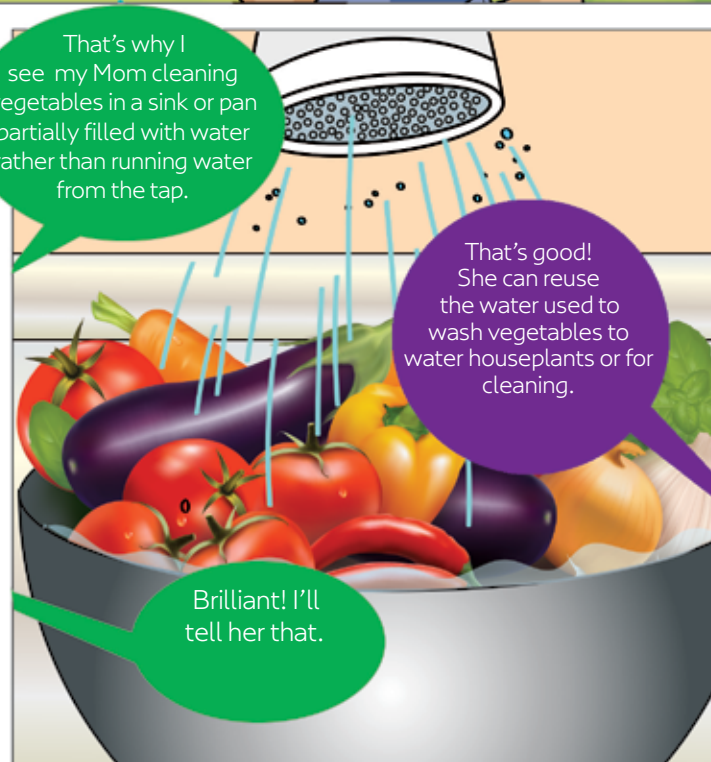

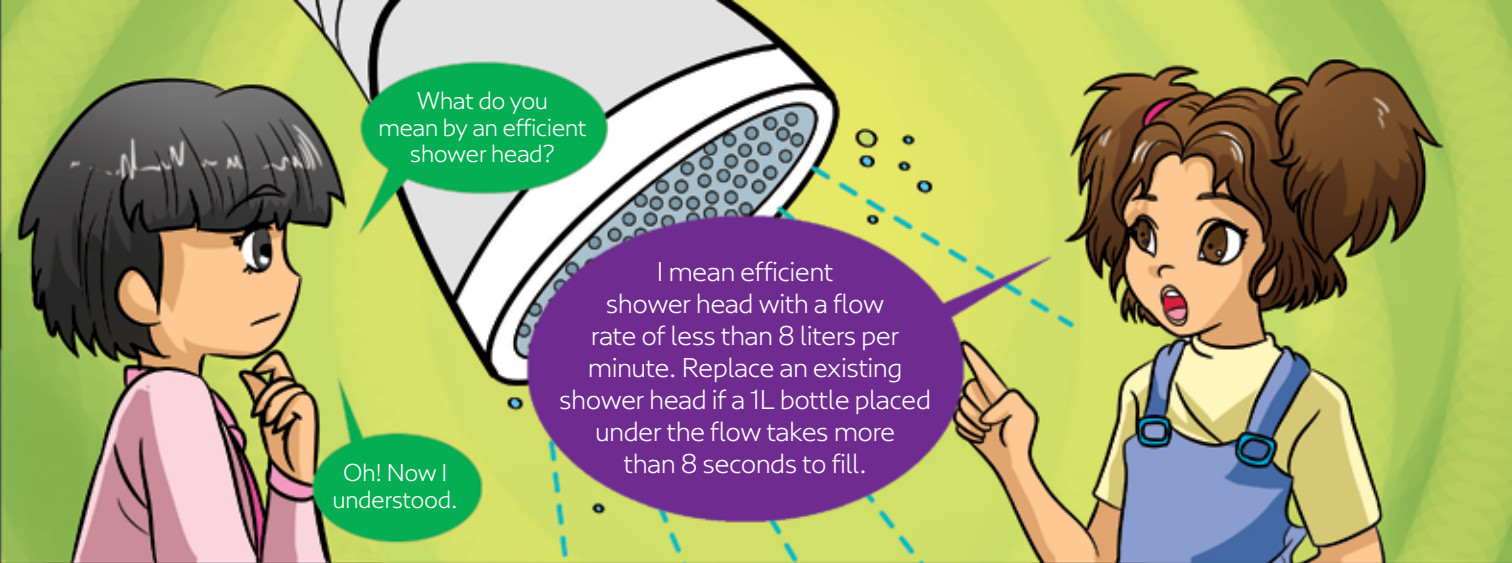

Yes. You know little kids how naughty they are.

Dear Hessa, you should educate and aware him about the importance of rationalization of consumption and reducing the rates of waste.

definitely!  
Do you know that filling a bath takes about 80 liters of water. Even a very long 8-minute shower would use around 62 liters of water. Ideally, you should try replacing baths with a 4-minute shower using an efficient showerhead.

Does little water affect rationalization of consumption?

# Sahih, The Roads Friend

## Importance of Speed Bumps

Dear friends, I want to teach you today about the importance of speed bumps in the road.. Let's see why it is important

As you see, this is how a speed bump looks like. It is high above the street level and is with no doubt an important means of reducing speed

The bumps are concentrated in these places because of the presence of pedestrians, the role of a speed bump is to reduce the speed and reduces accidents

There are often bumps near residential areas, schools, hospitals, mosques and parks

So please everyone to abide by traffic rules for your safety.. See you later

## Raspberries Pancakes

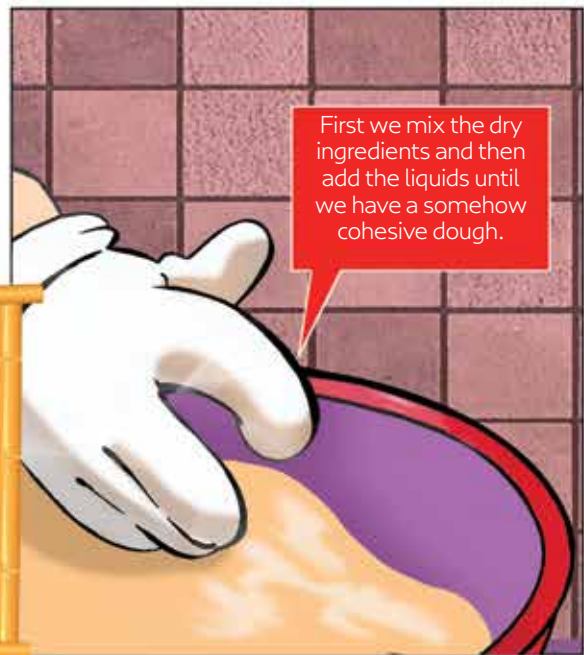

Hello my friends, Today I'll teach you how to make a delicious breakfast that everybody loves with my special touch. It's pancakes with dried berries.

We will need 2 cups of flour, 100g of butter, 1 cup of milk, 3 tbsp yoghurt, 2 eggs with a little salt, 50g dried Raspberries and 50g sugar.

First we mix the dry ingredients and then add the liquids until we have a somehow cohesive dough.

With an ice cream spoon, take a piece of dough and put it in a pan with a little oil and toss the pancakes until it turns brown on both sides and turn golden.

Our last touch is a little of sugar icing.. Enjoy
