Sweet Words

Eid Al-Adha

Hello Dear friends..

We are back to our offices, our places of worship, lush parks and white beaches, back to our shopping malls, and our entertainment and gaming centres. We have returned to our normal life in all of its little details, which we took for granted without feeling its value.

We are back to celebrate again Eid Al-Adha, praising and thanking God for the numerous blessings He bestowed upon us in the shade of a government that assured its people of the availability of basic foods and medicines for the benefit of both citizens and expatriates – a government that wiped away all our anxiety, telling us “Don’t worry”.

How fortunate we are, having been blessed with safety and security, and with our leaders and rulers who made every day we live a day worthy of commemorating as we prepare to celebrate Eid Al-Adha with our loved ones and be thankful for the health and security we enjoy.

Salama wishes you all a Happy Eid and a healthy community. And we wish to remind you that though the curfew is over, the virus is still there, so stay alert. Eid Mubarak and many happy returns!

Salama

Top Scoop

Traffic Department's activities reaches thousands of workers in Dubai

The Traffic Department has developed an innovative digital tool in cooperation with major contractors in Dubai to deliver traffic awareness messages and content to thousands of workers in a direct and fast manner. The department also provided tens of companies with educational traffic material, including a video on safety

procedures for workers.

Activities on traffic awareness were held over the past few weeks in work areas and training facilities of several large companies. They included audio-visual presentations on safety precautions that workers need to follow to avoid traffic accidents and the risk of being hit by a vehicle.

“Committed to the safety procedures” Initiative

The Roads and Transport Authority (RTA) has taken part in the traffic awareness campaign targeting cyclists that was organised over a period of four days by Dubai Police General Command in several areas of the emirate. The campaign was launched at the Nad Al-Sheba cycling track with attendance of a big audience participation and a large number of professional and amateur cyclists who received helmets and educational material on cycling safety from the campaign organisers in several locations, including Nad Al-Sheba racecourse, Al-Khawaneej racecourse and Al-Qudra, over the four days of the campaign.

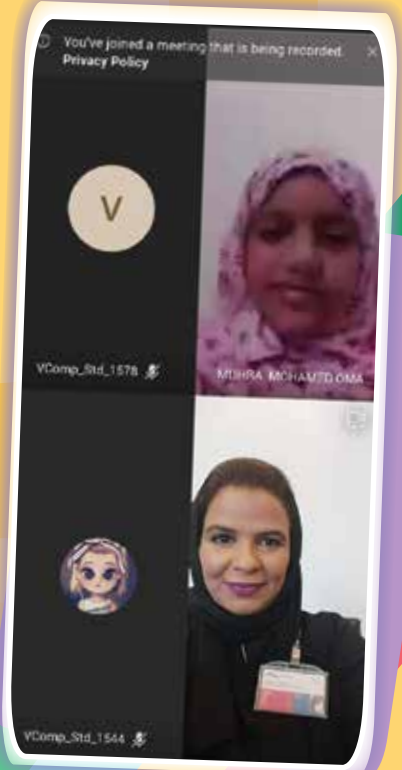

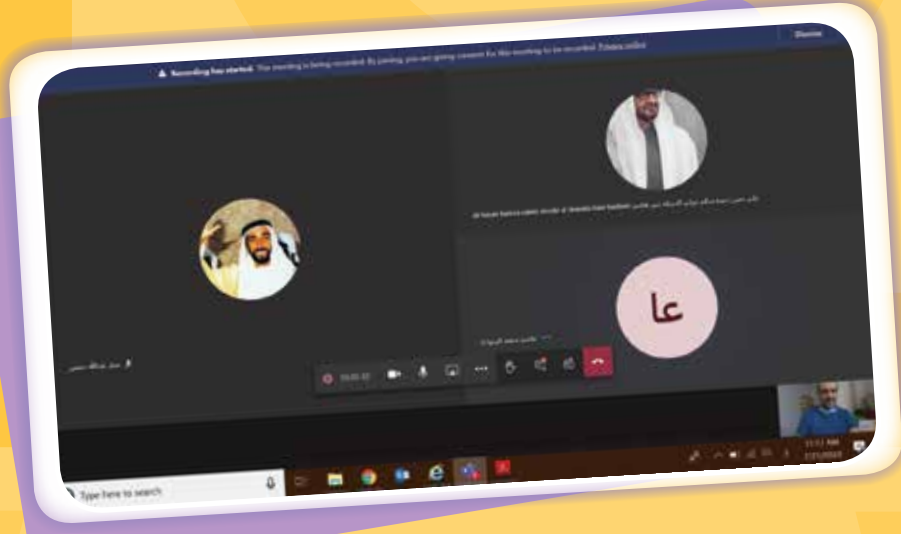

Online awareness workshops targets Dubai and Ras Al-Khaimah schools

Online traffic workshops were organised using distance learning methods for students at Ghalila School in Ras Al-Khaimah and Ahmed Bin Rashid School in Dubai. Provided through the Zoom application, the interactive workshops focused on traffic safety, especially instructions for commuters to safely use roads and avoid traffic accidents and injuries.

The Traffic Awareness section at the Traffic Department has participated in the Students Enrichment Summer Programme organised by the Ministry of Education. Dozens of students benefitted from the online awareness workshop and lecture organised by the Traffic Awareness team over the Microsoft Teams application. The lecture introduced students to road safety measures that they should comply with to avoid traffic accidents.

What are you and your brother doing?

I'm preparing nice presents for my grandmother and the rest of our family

Presents! What's the occasion?

Yes, Mom, on the occasion of Eid Al-Adha in case we could not visit her

Eid Al-Adha!

Happy Eid, my beloved children

Happy Eid, Daddy

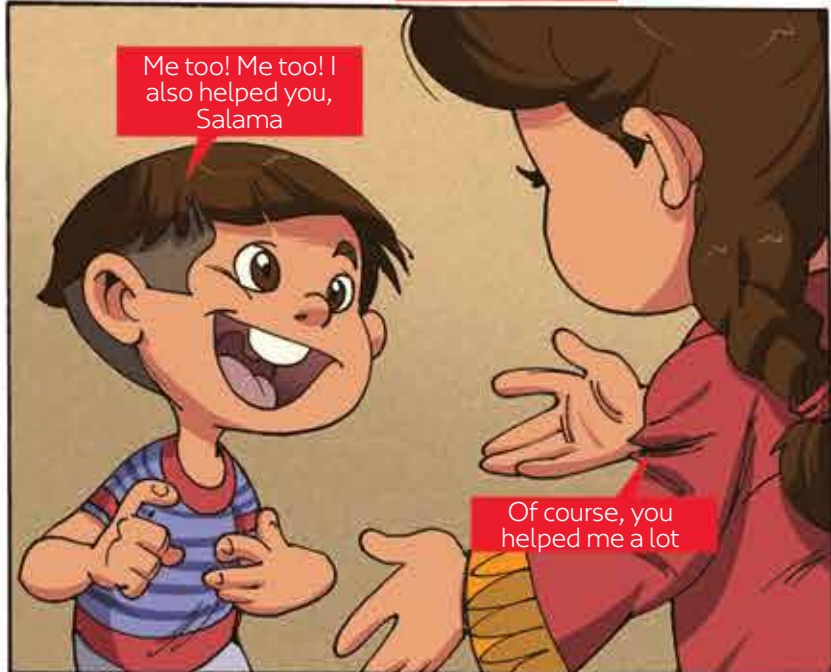

Did you prepare a surprise for your grandmother and aunts?

Of course, Daddy. All what's left is to write the cards

You have planned all of this with your daddy!... It will be a great surprise, especially for dear grandmother

I have suggested the idea to daddy, and he agreed immediately. He also bought us the presents which we decided on together

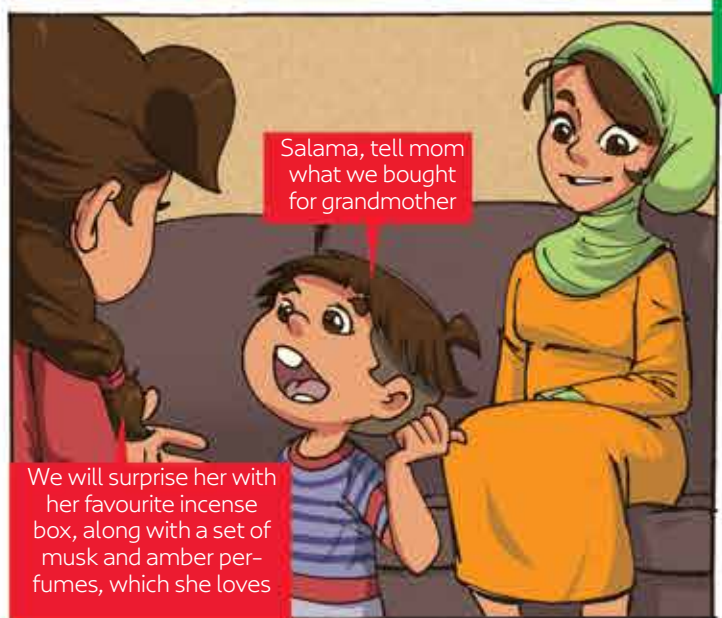

Me too! Me too! I also helped you, Salama

Of course, you helped me a lot

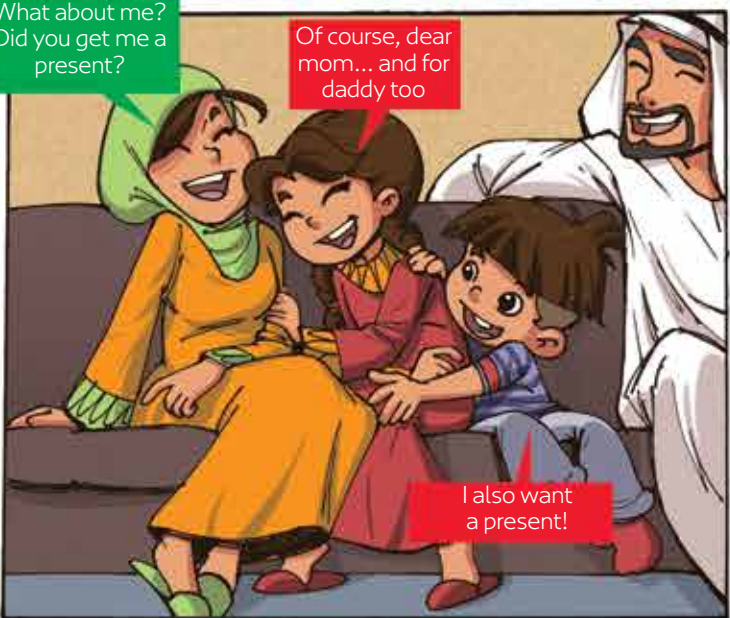

I'm curious... What are the presents?

We bought for each one what they usually like

Salama, tell mom what we bought for grandmother

We will surprise her with her favourite incense box, along with a set of musk and amber perfumes, which she loves

What about me? Did you get me a present?

Of course, dear mom... and for daddy too

I also want a present!

Engineer Salem

Safe Transportation

Why don't you wait for me to drop you?

I don't want to hold you from your work. I will use the metro to go to my sister's

Don't forget to comply with transportation safety rules

Don't worry, my dear. We will follow all procedures. Goodbye

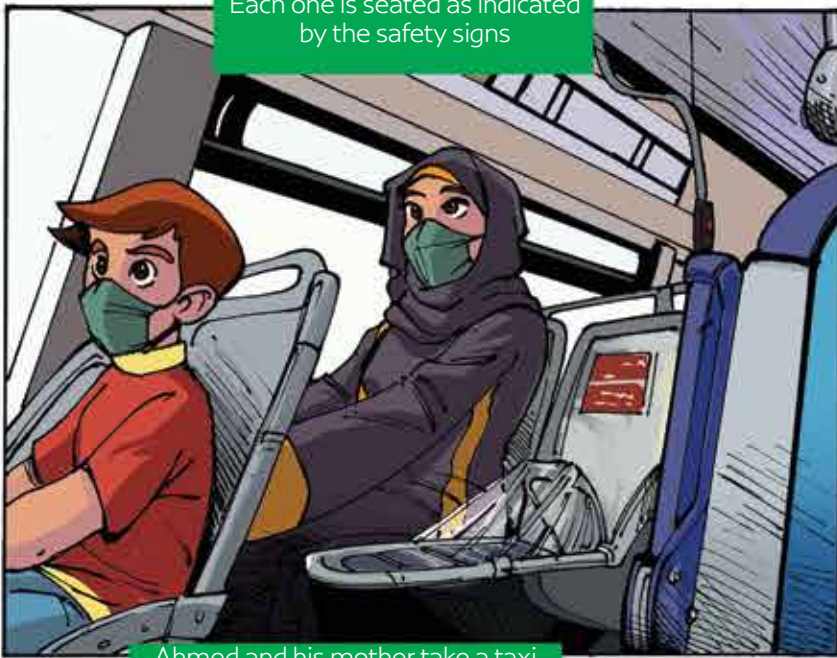

Ahmed and his mother have reached the metro station, and they are using one of the several hand sanitisers available.

As they stand waiting for the metro to arrive, Ahmed and his mother are keeping the recommended safe distance from other passengers

Each one is seated as indicated by the safety signs

Ahmed and his mother have reached the station near his aunt's house

Ahmed and his mother take a taxi from the metro station to his aunt's house

Hello auntie! How about our surprise visit?

How are you, sister? I have missed you so much!

I have also missed you...What a nice surprise! Please, come in!

Ahmed and his mother had a very good time visiting the aunt, but they kept social distancing all the time

Ahmed and his mother are back home after visiting the aunt

How was your visit?

It was an exceptionally nice and safe visit

Super Nader

A Cup of Hot Chocolate

Senario: Eman Hosny
Illustrations by: Shaimaa Ibrahim Gamil

In the previous Issue ...

The kids were attacked by "fire ants", but Nader was able to save the day. What kind of adventure is coming next?

Oh! It's much better now, but I still feel cold. How about we drink some hot chocolate?

Brrrr...I feel cold

Me too...I will close the tent very tightly

I'll get the equipment

Good idea!

Alright, let's start the gas

It's very cold outside, Hamoud. Close the tent very tightly

Oh, I feel a sudden headache and nausea

Me too. I'm about to puke

What's wrong, guys? I heard you from outside

Oh, my God! You have lit fire inside a tightly closed tent! You must have been poisoned with carbon monoxide

I can't breathe

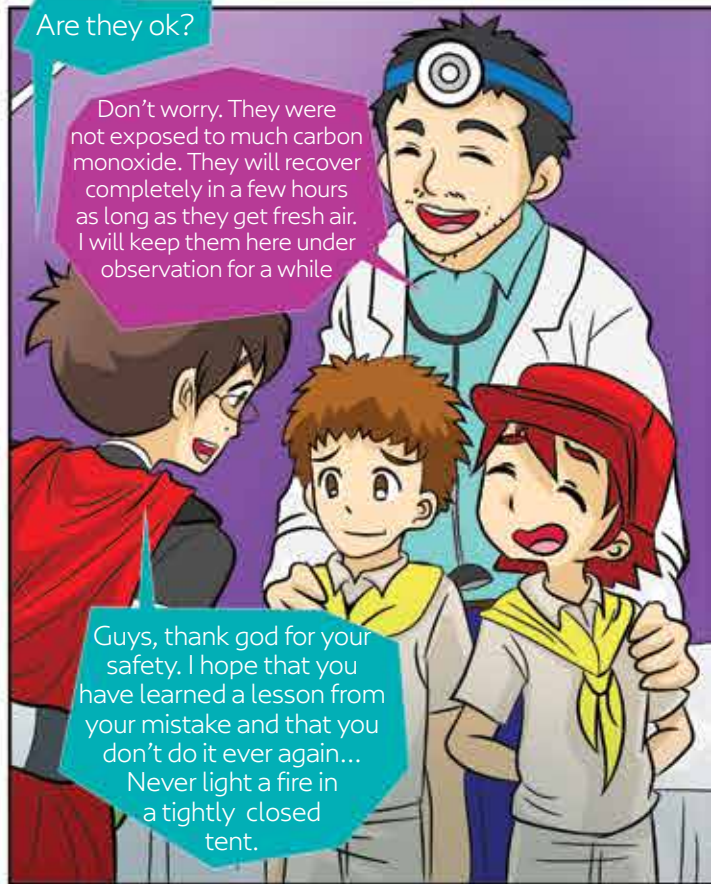

Nader carries the two boys and flies away with them to the camp's clinic

What happened?

They lit a camping gas fire inside their closed tent. This caused the level of oxygen inside the tent to drop, leading to incomplete combustion of the fire and excess carbon monoxide, which made them suffer from difficulty in breathing and nausea

Don't worry, boys. Nader, the champ, found you at the right time. You have not taken in much carbon monoxide

Are they ok?

Don't worry. They were not exposed to much carbon monoxide. They will recover completely in a few hours as long as they get fresh air. I will keep them here under observation for a while

Guys, thank god for your safety. I hope that you have learned a lesson from your mistake and that you don't do it ever again... Never light a fire in a tightly closed tent.

To be continued...

Traffic Jungle

Going for a walk, safely

Our friend Papa goose wants to take his wife and beautiful daughter for a walk in the park.

Tomorrow, we will go in a trip to the Big Woods Park. But we have to observe the rules for prevention from viruses

Thanks, Dad. I'll be looking forward to that trip

Early in the morning, the Goose family was ready for the trip

The family of our friend Papa Goose has arrived in the park

Why do you ask for sanitisers, dear, when they are available everywhere in the park?

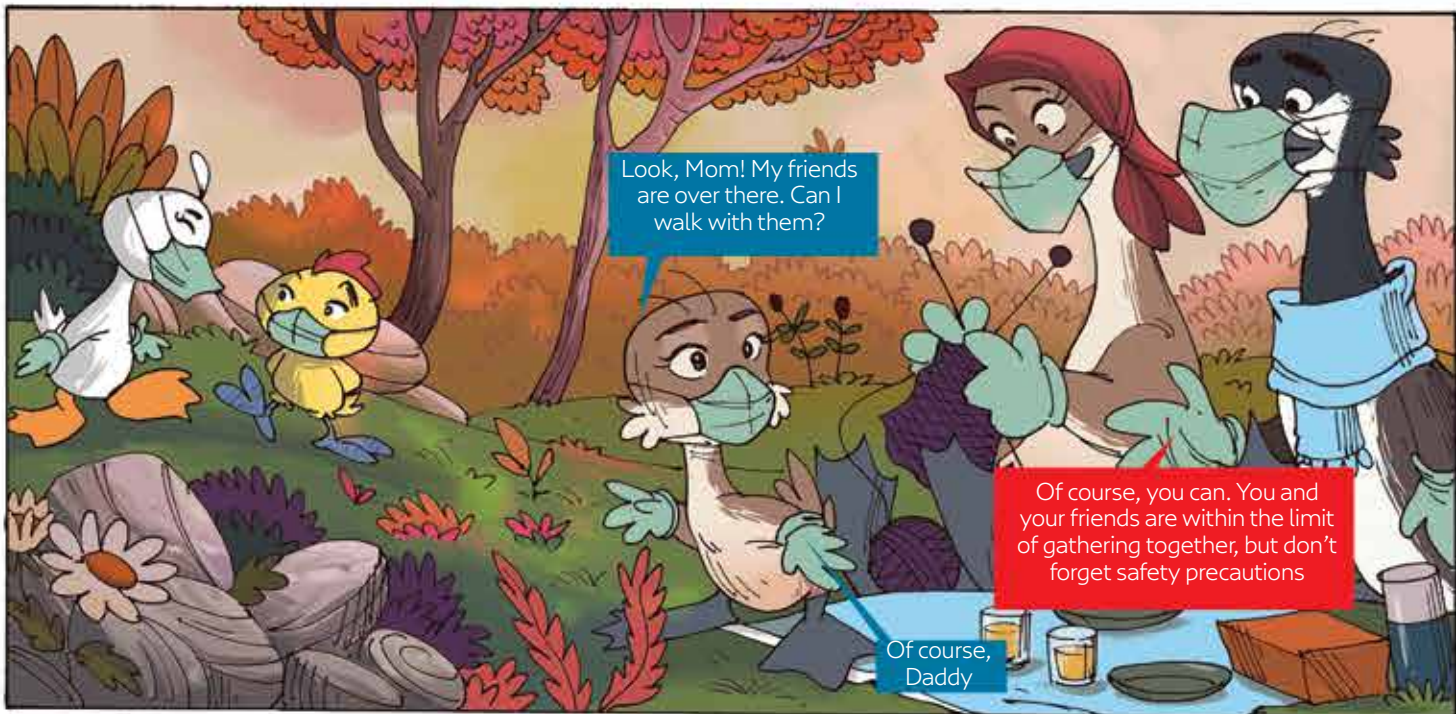

I hope we haven't forgotten to bring the hand sanitiser

Here it is, Daddy

I know dear, but just in case we needed it instantly

Look, Mom! My friends are over there. Can I walk with them?

Of course, you can. You and your friends are within the limit of gathering together, but don't forget safety precautions

Of course, Daddy

Hello my dear friends. How are you? I missed you a lot

We missed you too. What a nice surprise we all meet here

How about playing here?

We can, but we have to observe safety rules while playing

Sure, let's play!

The three little friends played at the playground while observing social distancing and safety rules

Baby Goose spent good times in the company of her two friends

It was beautiful and very entertaining

How was the trip?

Thank you, Dad! I had a very good time

I promise you, we will repeat this trip again, provided we continue observing safety rules

RTA Services (Smart Rental Service)

Hello my dear friends. The RTA Smart Rental Application is one of the best services to quickly rent a car hassle-free

Registration for this service is done through the application, which requires a driving license, Identity Card and a credit card

Registration is done only once, then the service is available.

The car can be rented by the minute or by the hour. RTA double-checks the safety conditions of the car, which can be unlocked via the application

You can start the motor by entering the driving code, and then off you go, start driving.

The user is not required to pay for fuel, parking or insurance. Payment is made only for what is used

Leaving children alone in a vehicle

Scenario: Loulwa Thani

How's that possible?! Has this child been left alone in the vehicle?!

Hello little man. Are you alright?

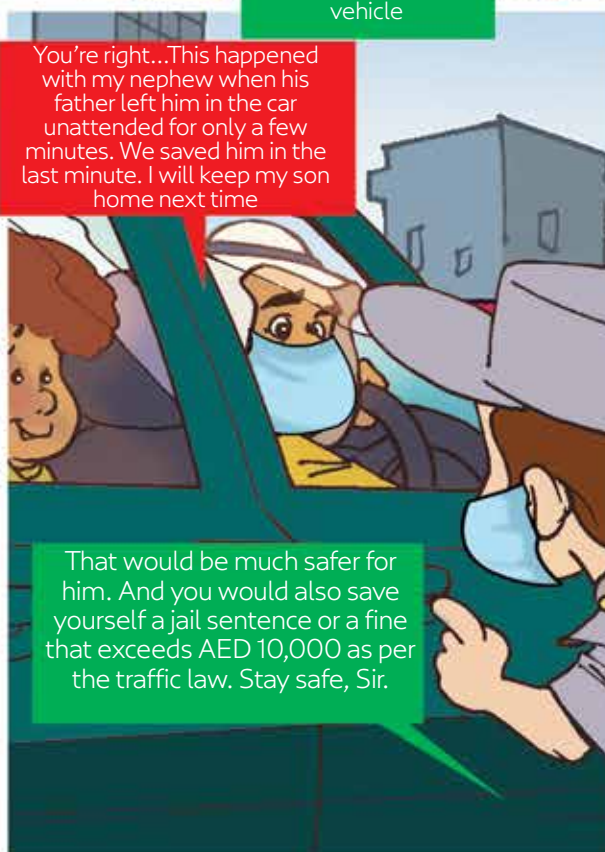

What's happening? Can I help you?

Of course, Sir...You can help by not leaving your child alone in the vehicle

I'm sorry. But I was in a hurry, and my child would have nagged me to buy him sweets and toys. And I didn't feel the passing of time as I was shopping

He's only a child. He could have released the break by mistake and made the vehicle move or closed the window on his hand or leg and hurt himself

You're right...This happened with my nephew when his father left him in the car unattended for only a few minutes. We saved him in the last minute. I will keep my son home next time

That would be much safer for him. And you would also save yourself a jail sentence or a fine that exceeds AED 10,000 as per the traffic law. Stay safe, Sir.

The Baby Chef

Macaroni with Mushroom

Hello my friends. Our dish for the day is macaroni with mushroom and chicken. In order to prepare it, we need one bag of macaroni, grated mozzarella cheese, cooked chicken breast, cheese slices, sour cream, cut mushrooms, pepper, oil and salt.

We put the macaroni in boiling water, along with salt, until it's soft

After we clear the macaroni from the water in a sieve, we pour on top of it the chicken and gravy mix, then we add the mozzarella and mix everything together so we end up with this delicious dish as you can see. Bon appetite!

We cut the breast into small pieces before we put it in the frying pan on the cooker, then we add cheese and cream

We roast the cut mushrooms in a separate pan, then pour it in the chicken and gravy pan
