## The National Day

**Hello Dear friends..**

The Second of December is a day of the UAE happiness, joy and pleasure, a day of unity and coherence, the day when our seven emirates united, and becomes a country of great position among the other nations. It is a unique day that is not similar to any other day in the heart of every Emirati, visitor or resident who knows or heard about Zayed, or lived during his tenure of presidency. On this day and 49 years ago, our father Sheikh Zayed bin Sultan Al Nahyan made glory with his brothers, the Rulers of the Emirates, who chose patriotism, when they stood together on the second of December 1971 under one banner which is the Flag of the

United Arab Emirates, and announced the birth of new and unique State, with letters of its name recorded inscription and a wonderful drawing.

Because we love Zayed, the make of Zayed and the person of Zayed, and because we are the children of Zayed, we shall continue to celebrate and glorify this day forever, and we also urge our children to glorify it and celebrate it with pride, admiration and respect.

## Awareness campaign for truck drivers

Last November, an awareness campaign targeting truck drivers has been launched in cooperation with Dubai Police. The campaign aimed to enhance drivers' awareness of the most serious violations that could lead to traffic accidents, in addition to the dangers of stopping on the hard shoulder of the road, and the importance of adhering to parking in designated places or rest stops. The campaign targeted truck assembly points; such as the vegetable and fruit market in Dubai, and rest stops.

## A movie for bikers

The Traffic Safety Section released an awareness film for cyclists based on animation technology, to promote bikers' awareness of traffic safety guidelines, such as adhering to bike lanes, wearing a helmet, and properly using hand signals when stopping or turning left or right.

- Adjust your bicycle to fit.
- Always keep your feet on the pedals and your hands on the handlebar – unless you are signaling to make a turn.

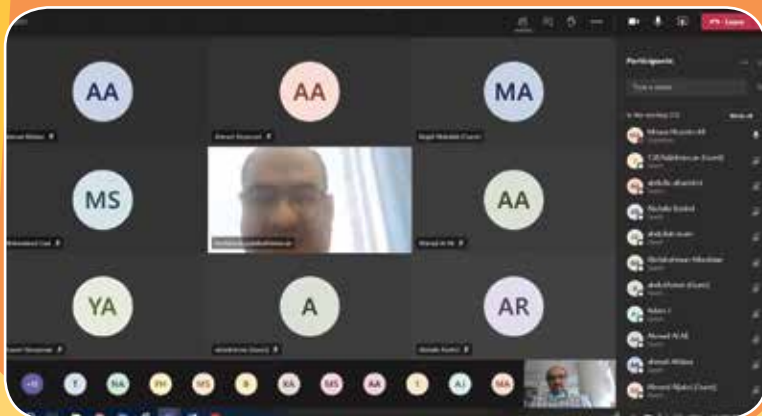

## Awareness-raising workshops for private companies staff

The Traffic Safety Section has organized several awareness workshops for private companies staff, highlighting the importance of safe driving and the most prominent violations that could lead to traffic accidents. The workshops, which were held in coordination with private companies, also stressed the need to cross roads from designated places only, and not to risk crossing highways, as this may lead to deadly accidents.

## Letters and lectures for school students

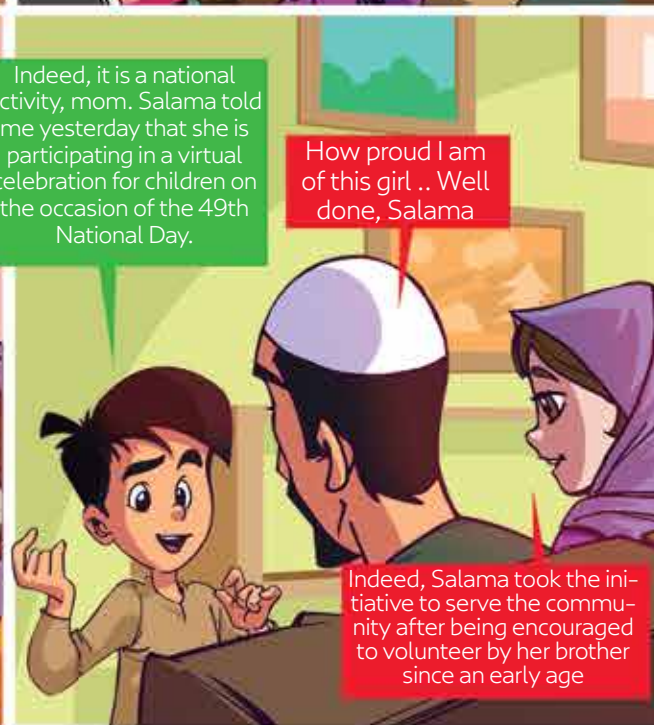

The coordination between the Traffic Department and schools in Dubai has resulted in several awareness messages being sent to students on social media, WhatsApp and Telegram groups. Texted in November, the messages focused on how to properly and safely cross roads, while doing it from designated places only. The department also organized some awareness lectures as part of a remote awareness program to boost students' knowledge on how to safely use bicycles in addition to the safety measures that must be taken into account when cycling.

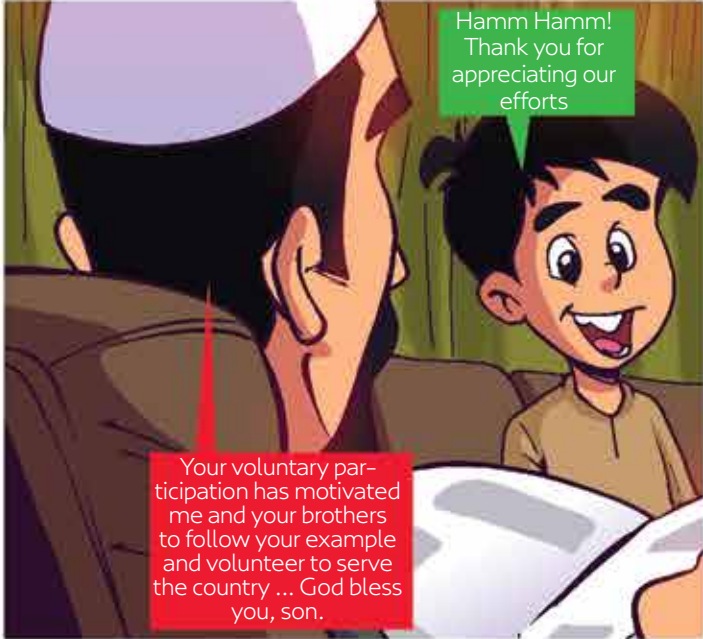

## Spirit of the Union

Scenario: Lolwa Thani

Hamm Hamm!  
Thank you for  
appreciating our  
efforts

Your voluntary  
participation has motivated  
me and your brothers  
to follow your example  
and volunteer to serve  
the country ... God bless  
you, son.

Hello every-  
one

Hi Salama

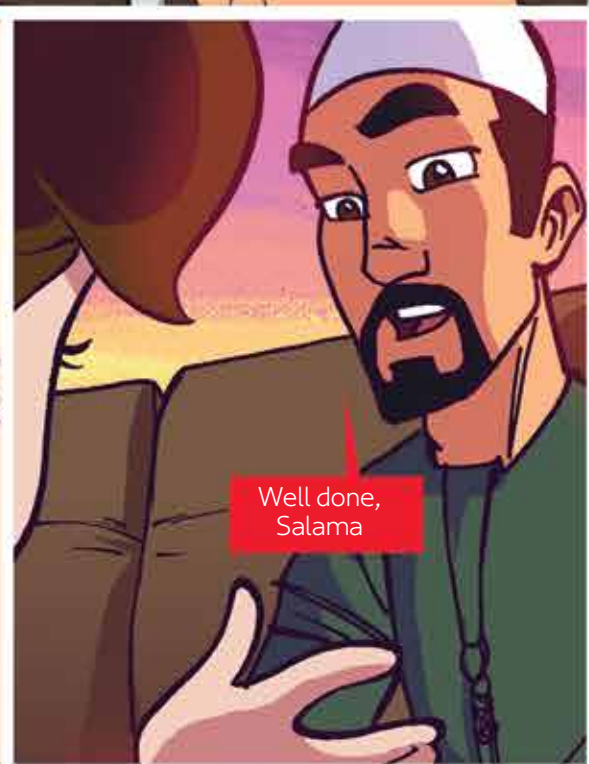

Tell us, Salama, what  
kept you busy all this  
time?

Dad...It is a very inter-  
esting and useful event  
for children. I present  
it as part of a virtual  
celebration in coordina-  
tion with the concerned  
authority under the title  
(Spirit of the Union)

But how do the  
children see  
you?

I interact with them through the  
(Zoom) application because it allows  
them to participate by raising their  
hands in a civilized manner to ensure  
the success of the event

Well done,  
Salama

# Engineer Salem

## Wrong behavior

Is everything ready?

Yes, dear, the masks, the keys, and the bags... off you go.

Salem and his family arrived at Uncle Badr's house on time, and were warmly welcomed by Uncle Badr

Yasser, what are you up to these days with the driving course?

He finished the training and is now able to drive professionally

May I take your car for a ride with my cousin?

Of course, son, but don't be late for lunch

Yasser started driving crazily at speed.

Ok, dad, let's go if you don't mind uncle Salem

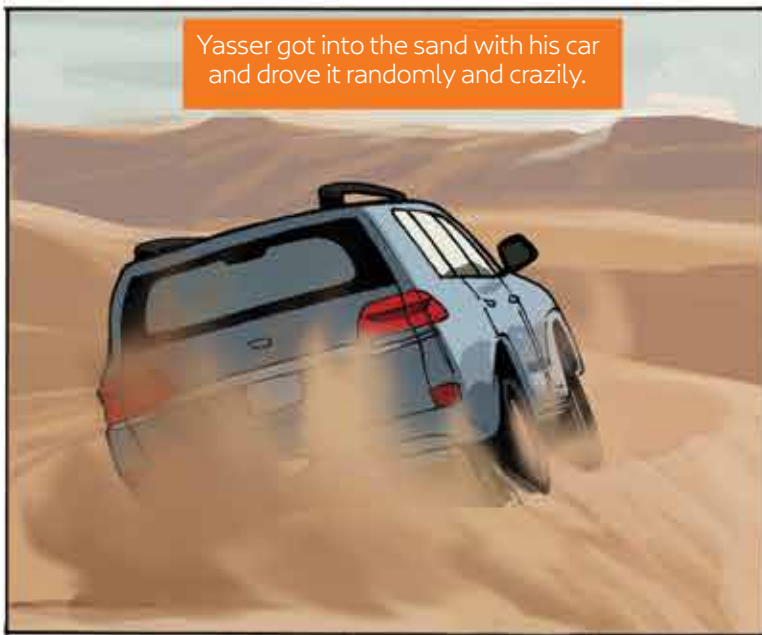

Why don't we go to drive on sand?

But Yasser, you are driving at an illegal and frightening speed

Don't worry, I still can control the car

Yasser got into the sand with his car and drove it randomly and crazily.

Badr, why did not you tell me that Yasser took the driver's license? We would have brought him a gift?!

And who said he got it?

What are you saying? He is yet to get a driver's license!

I told you that he completed the driving course and became a very good driver... but the final test will be held next week....

Oh my god Badr, how did you allow him to go out with the children and drive the car without a license?

Uncle Badr's car was stuck in the sand and Yasser is unable to get it out

I will call a rescue vehicle, and will come to you now... Where are you located?

In the desert .. I will send you the location map

Thank God you're safe boys

It is my mistake Salem, please forgive me .. Yasser will not drive the car until you get the license

Even after you get it, you have to drive rationally and adhere to traffic laws

# Super Nader

## The end of a happy and fruitful journey

Senario&Illustrations by: Shaimaa Ibrahim Gamil

Before placing the wood, we first put a layer of dry tree leaves and some flammable materials such as alcohol or jazz, then we light it with matches or a lighter

It seems that you were really attentive. Well done!

We dig a deep hole to put the firewood inside and then we surround it with some small stones to form a closed circle.

Yes, I even remember the disaster when Hammoud and Abboud used wet branches and increased the amount of wood.

HA

HA

HA

True ... and that reminds me of another situation when you forgot to apply insect bites and stings gel to avoid the fire ant attack

Dont remind us!

Do you remember, Abboud, when we nearly suffocated by lighting the burner inside our closed tent?

Yes, it would have been the last cup of hot chocolate to drink ... had it not been for the hero Nader who saved us by opening the tent at the right time.

It is because oxygen level has decreased significantly inside the tent, causing carbon monoxide to increase, that's why you developed symptoms like headache, nausea and shortness of breath

so far, so good, there is not much left ... What next?

We have been introduced to the basic components of the first aid kit ... all of which are important and necessary for any road trip

That's perfect ... What about yesterday's cycling trip?

Hahahahah.... Great work and well-done everyone... You made this trip enjoyable and useful .. Let us now go to sleep, we will go early on the way back.

Thank you very much the hero Nader for your care and guidance.

We learned a lot of safety tips while riding bicycles, the most important of which is wearing a helmet, walking in one line while in a group, and keeping hands and feet on the pedals and the handlebars at all times

This is what Hammoud of course has not done!

The End

# Traffic Jungle

## Wrong Vehicle

We need to bring in more wood from the warehouse to get our work done.

How many boxes do you need?

Ten small wood boxes

With the help of one of his workers, the elephant began preparing his car by folding the chairs to create more space for the wooden boxes

We need a truck to transport it from the store to the workshop

But your car is small, and I don't think it can carry all that heavyweight!

And why should we rent a car?!.... I can save the money and transport it in my car in batches

Don't worry.... mind your own business and you will get the boxes before the sunset

The elephant arrived at the warehouse, and after loading three boxes, he asked a worker to help load the fourth one in any way possible.

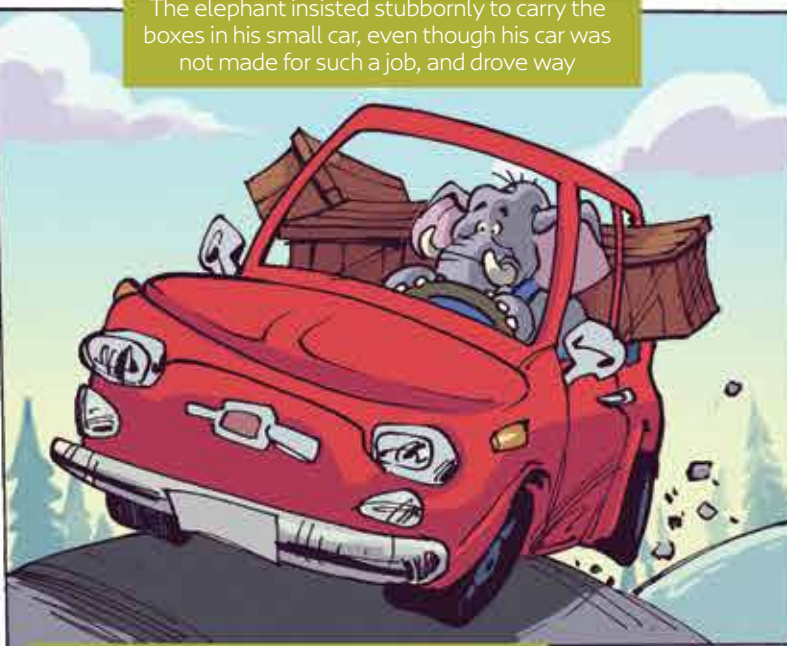

You gotta be cautious and drive carefully, sir

Don't worry, I am a professional driver. I will deliver these boxes and come back. You better prepare the next set

The elephant insisted stubbornly to carry the boxes in his small car, even though his car was not made for such a job, and drove way

Unfortunately, this was expected... The elephant lost control of his car and was forced to veer from his lane colliding with a tree.

Yes, you are right!

Your car is not made for this kind of job

# Nutritional Facts / الحقائق التغذوية

25 Servings per container / 25 العبوة في العبوة  
Serving Size 30g / حجم الحصة 30 غ

You can use the label to support your personal nutritional needs by looking for foods that contain the nutrients you

want to get more of, such as dietary fibre, vitamin D, calcium, iron and potassium.

And limit nutrients that you might want to curb, such as saturated fat, sodium and added sugars.

Amount per 30 g الكمية لكل 30 غ		Amount per 100 g الكمية لكل 100 غرام	
<b>113</b>		<b>378</b>	
<b>% Daily Value</b> نسبة الاحتياج اليومي %		<b>% Daily Value</b> نسبة الاحتياج اليومي %	
0.3g	<1%	0.9g	1%
0.1g	<1%	0.2g	1%
0g		0g	
0mg	0%	0mg	0%
136mg	6%	448mg	19%
25g	10%	84g	32%
0.9g	3%	3g	11%
2.4g	3%	8g	9%
2.4g	5%	8g	16%
2.1g		7g	
2.5µg	50%	8.4µg	168%
0.28mg	23%	0.91mg	76%
0.35mg	29%	1.2mg	100%
4.0mg	27%	13.3mg	89%
0.35mg	27%	1.2mg	92%
50.0µg	13%	166µg	42%
0.63µg	26%	2.1µg	88%
2.4mg	17%	8.0mg	57%

You will also be able to know the daily values, which are reference amounts (expressed in grams, milligrams or micrograms) of nutrients that should be consumed or not exceeded every day.

The %DV shows how much a nutrient in a serving of a food contributes to a total daily diet.

It also helps you determine if a portion of food is high or low in nutrients

What valuable information, Alia, well done, my daughter

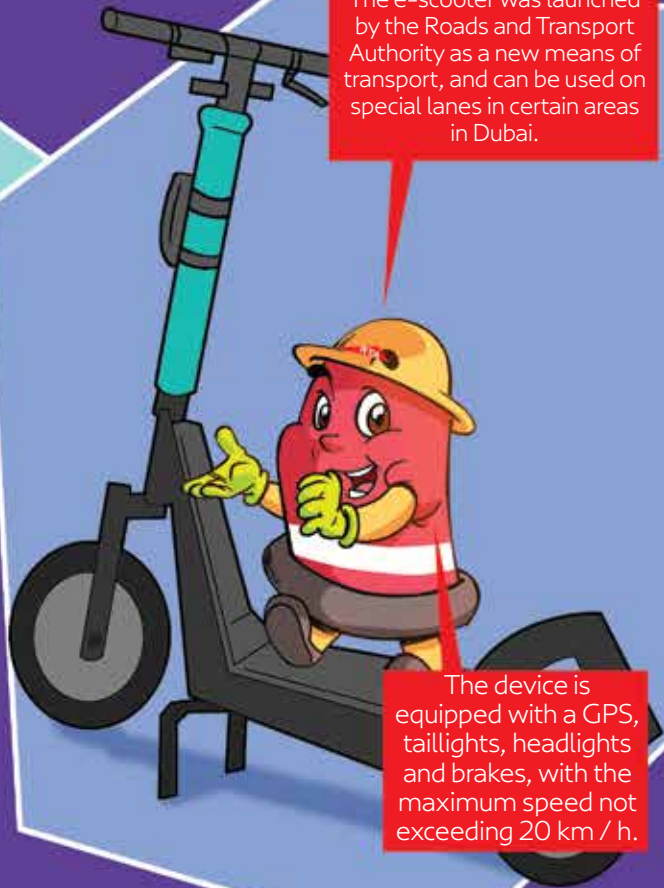

# Sahih, The Roads Friend

## Electric Scooter – Part 1

Hello friends .. Have you heard about the e-scooter pilot project in Dubai?

The e-scooter was launched by the Roads and Transport Authority as a new means of transport, and can be used on special lanes in certain areas in Dubai.

The device is equipped with a GPS, taillights, headlights and brakes, with the maximum speed not exceeding 20 km / h.

Anyone over the age of 14 can enjoy this new experience in mobility while always adhering to safety precautions .

The e-scooter will be available in five regions in Dubai, and can be rented through five rental companies. Those wishing to rent an e-scooter can do so and book a scooter through smart applications developed by rental companies. Friends, we will learn more about the E scooters in the next issue.

## Senior citizens and Public parking

Scenario: Loulwa Thani

I have good news for you, the Roads and Transport Authority in Dubai has exempted senior citizens who are over 60 from paying parking fees in the Emirate of Dubai, but under certain conditions. Vehicles must comply with the Traffic Law and refrain from using designated parking lots for certain categories such as people of determination, those reserved in advance by some institutions or owners in residential areas. Using parking spaces designated for public transport vehicles is also not allowed.

You can get the free permit through the authority's website, customer happiness centres, call centre. As soon as the applicant submits the required supporting documents, a free permit is issued.

Definitely No! This permit can only be used by senior citizens, and in case of being misused, it will be cancelled and legal measures will be taken by the RTA.

## Toast with eggs and luncheon

Hello my friends .. Today I will prepare a delicious morning breakfast for you. It is a toast sandwich with eggs and luncheon ... The essential ingredients include (two pieces of toast, two eggs, luncheon slices, butter, chopped green onions, salt and pepper).

At first, we scramble eggs and put the butter in the frying pan, then we add the eggs to the butter. Next, we put the two pieces of toast in parallel

Afterwards, we put the luncheon slices over the two pieces of toast evenly and also add the green onions

Then we turn the first piece of toast over the second to make them one

And this is how we made you a sandwich.... enjoy your meal and see you soon bye bye!
