#### Ramadan Kareem

#### Hello Dear friends..

Every year, we look forward to welcoming "Ramadan", the holiest month in the Islamic calendar. Ramadan is a time for contemplation and worship, and a month in which the first revelation was received by Prophet Muhammad (PBUH). Fasting Ramadan is one of the five pillars of Islam in addition to the two testimonies, prayer, zakat and Hajj.

We respect this holy month and glorify it, and dedicate much of our time for prayer, reciting the Holy Quran, praying Tahajjud and Qiyam. We like its special moments especially when the family gathers around the delicious Iftar that includes a wide variety of Ramadani food. It is a time in which our ties with our relatives become stronger with the love and affection prevailing among all Muslims.

What makes it even more special is that we feel the

suffering of the poor, where the rich extend a helping hand to the poor, seeking the reward from Allah.

Likewise, in this blessed month, we must not forget to pay attention to our school and perform our homework perfectly, because seeking knowledge is a compulsion for which we are rewarded, so we must strive hard in our studies and perform our worship in order to win both rewards from Allah and excellence in school.

Salameh wishes you a Happy and Blessed Month. May Allah accept our fasting and good deeds. Ramadan Mubarak

#### **Give Way in the Fast Lane**

Dubai Police and the Roads and Transport Authority (RTA), in cooperation with the Dubai Media Incorporated, organized a two-month extensive awareness campaign from mid-March till mid-May. The campaign aims to raise awareness among community members and motorists on the importance of giving way in the far left lane (fast lane) and limiting its use to overtaking and emergency vehicles. It also aims to educate drivers on the importance of giving way for vehicles coming from the back, and keeping the left lane as clear as possible. The campaign will see the three entities preparing and publishing news, media interviews, ads, and

educational videos on many electronic channels and social media.

You can do that tomorrow, and I will play with you Snakes and Ladders so the time passes quickly.

> Sounds great, Salama, and you will not make a physical effort while fasting.

I will fast with you and won't have even drink juice or soup?!

Do not be hard on your brother.... You can gradually fast, sweetie, and I will help you

Why do we fast and get hungry when there is food in the kitchen?

Our creator Allah commanded us to fast due to many reasons, including that we feel the suffering of the poor, so we feel their pain and give alms

> Your brother told me he is preparing a special gift for you because you're fasting

> > A gift! What is it? Come on ... Come on, tell me

It is a very big gift that my friends helped me prepare to present it to you on Eid Al Fitr, Inshallah! I have got an idea ... what do you think of taking a nap so that you do not feel hungry, and after Asr prayer, we read the Quran together.

Getting busy with worship during the holy month of Ramadan is way much better than watching TV and social media.

every animal we have)

(Nader saved Abdullah's two birds from drowning, and advised him and his friends to learn how to take care of

Thank you, Nader, for saving the two birds, and now sit down all to eat yours andwiches and listen to what Nader tells you.

First of all, my friends, the birds bathing water should be clean and warm. Neither cold nor hot.

> Second, we have to bathe the birds during the day while the weather is sunny in order for birds to have time to dry their feathers before the night so that they don't get cold or other diseases.

It is better not to add soap or chemicals to the shower water.

Or we can use the water sprinkler to gently and softly spray a little water on the birds without surprising them so that they don't get frightened.

The most important thing is that we do all of this with love and kindness. Never force them to take a bath.

> Hey! Do I need to know all of this about bird bathing, Nader?

Yes, my friend

Indeed, There is a proper way of doing things even bathing a bird
