## Eid al-Adha Mubarak

**Hello Dear friends..**

Eid al-Adha (Feast of Sacrifice) is one of the important two festivals for the Muslims, beside the Eid al-Fitr, it follows completion of the annual Hajj "Arafat Day". During the Eid al-Adh people slaughter the sacrificed animals and distribute the meat to the relatives and the needy people; it continues for a period of four days, interspersed with family gatherings and celebrations that bring them joy and happiness.

Eid Al-Adha is considered the greater Eid for Muslims, which follow the Pilgrimage (hajj), the fifth pillar of Islam, it is an occasion for forgiveness of sins and returning to Allah, as if the souls start a new beginning on this day; there is nothing

greater than the joy of someone who performed all the obligations, to come on the Eid day and rejoices and renews the determination and will to achieve more and better.

Salama congratulates you on Eid Al-Adha and wishes safety for you and your beloved ones through abiding by the precautionary measures while gathering with your relatives and friends, maintain the social distance, be cautious and comply with safety and security rules and regulations while moving in the internal and external roads.

**Salama**

# Top Scoop

## Awareness Workshop for the Delivery Companies

The Traffic Department and the Commercial Transport Department organized an awareness lecture for 108 delivery companies in Dubai. The lecture focused on procedures and regulations of the delivery bikes in Dubai including the traffic safety measures and reasons that cause traffic accidents among this category.

## Safety of Bicycle Riders from the National School

Many students from the National Charity School and the National School of Ajman participated in the awareness remote lecture organized by the Traffic Safety Section to the school students entitled "Safety of the bike riders". The lecture highlighted the safety measures which the cyclists should follow to avoid the traffic dangers. The lecture included awareness competitions and the winners received prizes offered by the Road and Transport Authority.

## Awareness Program for Al Alyan Company Bike Drivers

Within the awareness lectures program for delivery bike drivers, the Traffic Safety Division organized awareness lectures for the delivery bike drivers at Al Alyan Food Company, targeting more than 200 cyclists, and continued for one week. The awareness lectures for the bike drivers come within the intensive awareness program provided for the delivery bike drivers in Dubai which shall continue till the end of this year.

## Driving into Dust Storm

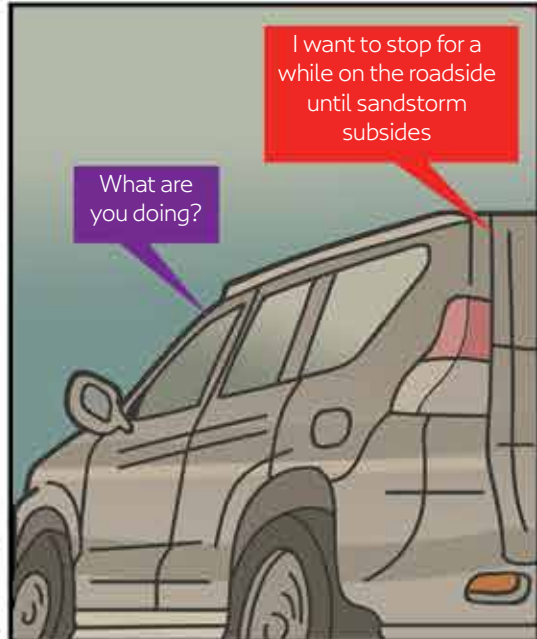

Oh, Salem you are always so worried ... the road is clear as you see

you have to follow the guidance of driving during the sandstorms and particularly not over speeding and leaving safe distance between you and the other vehicles

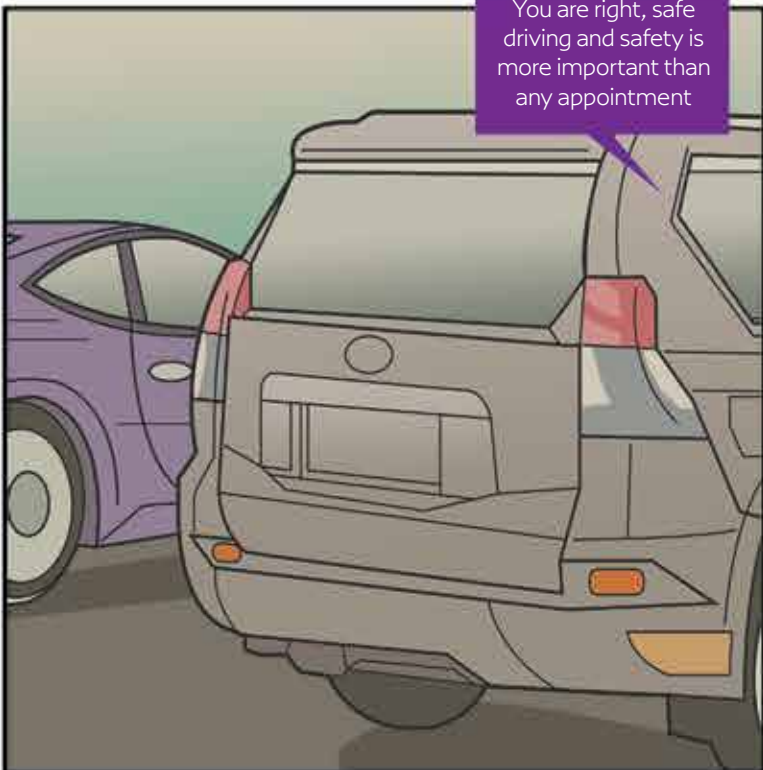

use the low lights, so as not to affect the vision of other drivers

Ok my friend.. I will follow what you say

I want to stop for a while on the roadside until sandstorm subsides

What are you doing?

You are right, safe driving and safety is more important than any appointment

No

I will stop there

I forgot to tell you that from the instructions of driving in sandstorm, you shall not stop in the sand accumulation places

Why?

## The Latest Joke

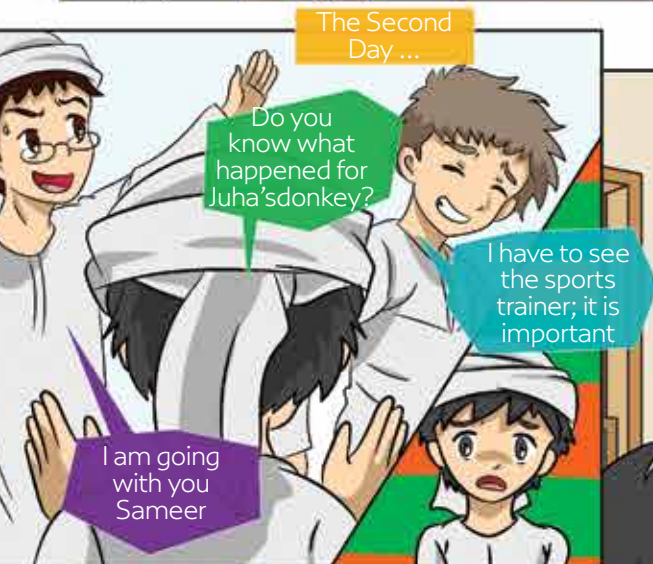

Illustrations by: Shaimaa Ibrahim Gamil

Senario: Hamsa Bakhit

Amer came close to his friend in the school.

The Second Day ...

At home ...

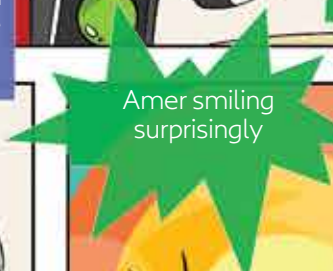

Amer sitting alone in the school cafeteria, thinking about the reason that made his friends stay away from him... And suddenly he heard a voice that he loves so much ... welcome my friend

I know; you are sad from the way your friends deals with you ...

welcome Nader ... I am glad to see you despite my pain

Amer smiling surprisingly

this is a small gift to you my friend

(How Nader knows about the issue?).

for me! ... I love gifts ... but what is this ... toothbrush and toothpaste! I have at home toothbrush and toothpaste

do you use them many times a day

in fact, ... I ... I haven't use the toothbrush and toothpaste for some time

why Amer -don't you know the importance of cleaning the teeth with brush and paste?!

Of course I know, it keeps the teeth clean, nice and fresh breath and mouth fresh smell

Good ... Now you know why your friends stay away from you recently?

yes, I know Nader, from now on I will keep my teeth clean, day and night

and your friends will come back to you and enjoy your nice jokes, remember always my friend ... there are small things that make a big difference in our life and relations.

The end

## Lack of Sleep

This is the giraffe case, she is attached to her mobile phone, she never leaves it anywhere.

even while eating, she never leaves her phone.

don't worry mom... only ten minutes and I will switch off my phone and sleep

It is unreasonable my daughter, it now two o'clock in the morning and you have to get up early to go work.

when the alarm rings in the morning, the Giraffe cannot open her eyes.

she only gets up with her mother's shouting ...

You are very late,  
the alarm rang  
many times

leave the phone  
my daughter and  
eat your breakfast

I have no appetite for food  
mom... I will go, so I will not  
be late for my work

while driving, she cannot leave the phone, but the  
worst problem is that she doesn't get enough sleep  
and her mind is stuck to the phone.

One morning, she was so sleepy and  
before she noticed, her car turned off its  
lane on the road

Hope you learned  
from this lesson to use  
the phone only when  
necessary.

The Environment Friend

## Pen Holder

Senario & Illustrations: Shaimaa Ibrahim Gamil

Welcome my friends, I want to show you what I have made from a plastic empty bottle

Look it is an elegant pen holder and easy to use, I can keep all the painting pens in one place.

we need:

empty plastic bottle

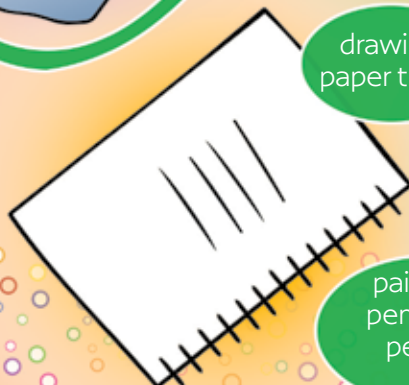

scissor

dry glue

drawing paper thick

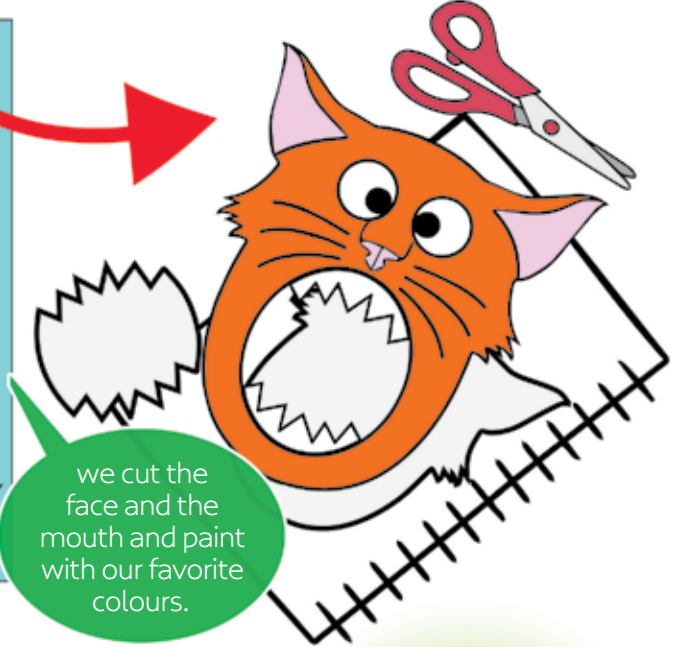

painting pens and pencil

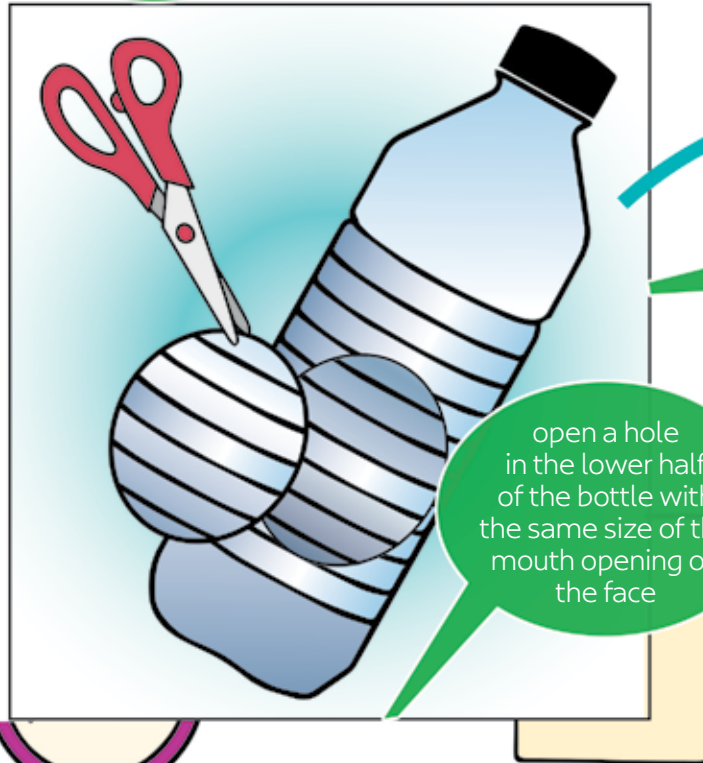

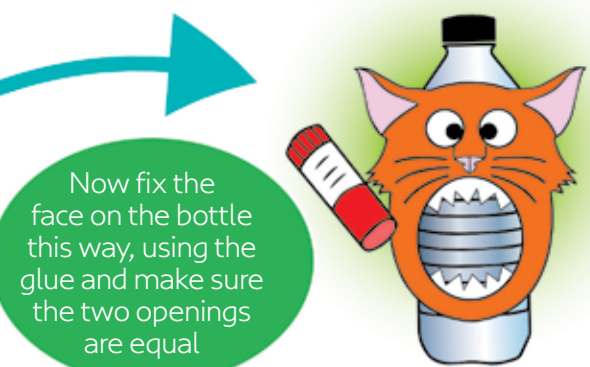

First we draw the pet face we like (or any face), and make the mouth length not less than 8 centimeters, and width 7 cm same as in my drawing

we cut the face and the mouth and paint with our favorite colours.

open a hole in the lower half of the bottle with the same size of the mouth opening on the face

Now fix the face on the bottle this way, using the glue and make sure the two openings are equal

See, it looks beautiful! put all the pencils to find them easy and keep your offices organized and unique.

## The Bikes paths Part Five

the top instructions and conditions of cycling in these paths include:

1. Cycling in the designated paths, if any.
2. Cycling is not allowed in the roads with speed more than 60km/h.
3. Cycling shall not be in the paths designated for walking and jogging sports in the Emirate
4. Cycling shall be in safe manner, to be cautious and avoid risky acts that may endanger the life and safety of the cyclist or the other people

**Note:** cycling is not allowed inside the metro stations and pedestrian bridges (however, it is allowed to pull the bike in the pedestrian bridges and carry the foldable bikes inside the metro) ... see you soon
