**The Public  
Transport Day**

**Hello Dear friends..**

Did you know that the 1st of November marks the Public Transport Day in Dubai?

The Roads and Transport Authority (RTA) has launched this initiative in 2009 i.e. more 12 years ago, with an aim to encourage us to use different options of the public transport including public buses, metro, tram as well as the marine transport such as the abra, Dubai Ferry and water bus, and other advanced and fast means of transport.

Additionally, the public transport offers you the opportunity to go for entertainment tours if you wish, to move easily from one area to another across the Emirate of Dubai, as it is equipped with safety and comfort facilities, it is also user-friendly for people of determination, it offers a series of unique services to ensure flexible and easy movement for people of determination.

## The Public Transport Day

Thanks Dad for making my wish true to visit Expo 2020

Welcome my dear! But remember to participate in the competitions

Exactly! It is on the occasion of the Public Transport Day which marks 1st of November, but this year's competitions are different from previous years.

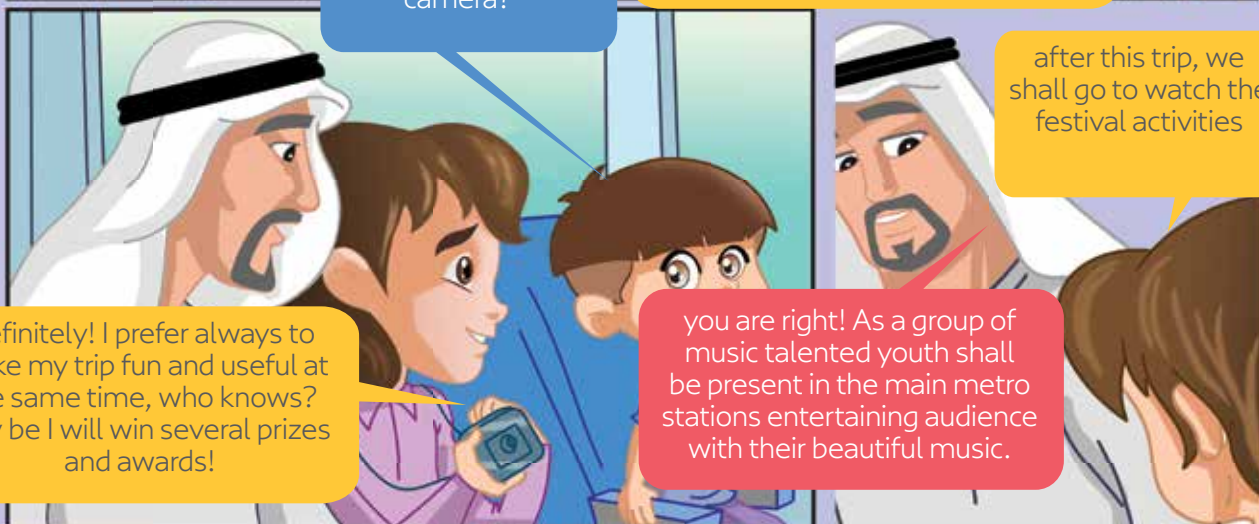

What do you mean by competitions Dad?

You don't remember! When Dad explained to us series of competitions and interesting events launched by Road and Transport Authority in Dubai

Now I know why you were keen to bring the new camera?

Correct, as it marks the global event! Including competition of (together to Expo) through virtual reality, which encourages us to commute from and to Expo 2020 metro station.

Definitely! I prefer always to make my trip fun and useful at the same time, who knows? May be I will win several prizes and awards!

you are right! As a group of music talented youth shall be present in the main metro stations entertaining audience with their beautiful music.

after this trip, we shall go to watch the festival activities

What about the treasure hunt competition?

This is my favorite competition! As I decided to go tomorrow to one of the red line metro stations for treasure hunt through an application that supports virtual reality technology

I want to participate in all these competitions and events Dad

Luckily There is plenty of time, as most of the activities continue for two weeks

3 persons of the most users of different public transportation shall be honored as part of the celebrations of 12th anniversary of launch of the Public Transport Day

you are right Salama, and there are many great activities as well... Let's go to Expo 2020, we are already in our station

How great is that!

## Safe Driving in Foggy Weather

Be cautious, keep the windows and mirrors of the car clean, and use the wipers to enhance the vision clearance

In case of thick fog, and when driving becomes difficult, park your car off the road far and traffic, and use the orange hazard signals

don't speed up, even if it seems to you that fog is clearing ahead of you, as you may suddenly find yourself in the midst of fog again.

Finally, don't speed up to overtake a slow car ahead of you, you may not be able to stop easily since the wet road make the tires irresponsible with the brakes

## Except the bottle of Water!

I love my grandmother so much, and I cannot accept the idea of not visiting her and listening to her stories

Suhail felt very sad, when his father informed him that visiting his grandmother will become less after going back to school, as he may become exposed to infection by COVID-19, if he does not adhere to the protection rules.

I promise you to adhere to all COVID-19 safety rules, which I learned from you and Mom. I will ask Allah always safety and protection for me, my family and my loved ones and the entire world

but you don't like to be a cause of her infection

Well done Suhail... God will respond to your prayers with generosity, but what are you going to do in the bus?

I will be keen to wear face mask, and shall always maintain safe distance between me and others, which is important for safety of all people.

I will use the sanitizer when necessary, and will avoid personal belongings of other people and their school tools

Suhail was able to comply and abide by all the protection measures properly until this moment

I feel thirsty...  
I forgot my  
water bottle

wait... my bottle is in  
the classroom, I will go  
and bring it for you to  
drink

At this moment, the alarm  
system rang in the wondrous  
necklace of Nader, which  
indicates that there is a risk in  
the school... few minutes and  
Nader was present in the last  
moment. Nader took Suhail  
bottle before Suhail handing it  
over to Saqr

This is the fastest way to spread  
infection and put everyone at  
risk... particularly the water  
bottles and glasses of other  
persons... we have to be very  
cautious in using them

And you Saqr... don't drink from  
anyone's bottle and before coming  
to school, make sure to bring all your  
personal needs particularly the water  
bottle, face mask and sanitizer, books  
and school tools

and of course some  
useful and delicious  
fruit.

## Stronger Body with Sports

Welcome my friends...  
physical exercising in our  
daily life is very impor-  
tant for the health of our  
bodies.

let's explain  
some of the  
sports' benefits  
in a deeper way

It is better to do  
physical exercis-  
es for at least 60  
minutes a day

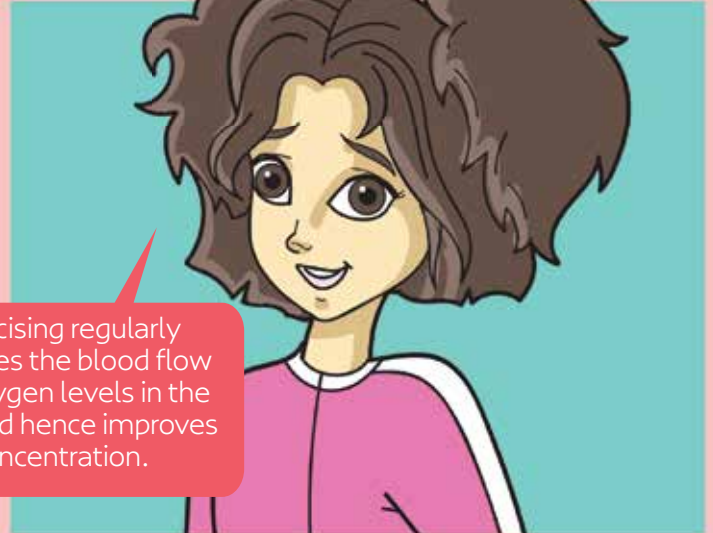

such as bike riding, jumping, swimming, walking or jogging

because that strengthens our muscles, helps us maintain healthy weight and provides us with sustainable energy and wellness.

Exercising regularly increases the blood flow and oxygen levels in the brain and hence improves concentration.

My friends, keep exercising to live a better and happier life.

It also boosts immunity system as it improves the body ability to pump the necessary elements for feeding the cells that fight bacteria and viruses.

## Permanent Parking Permission for People of Determination

Welcome my friends... today I will tell you about permanent parking permissions for the people of determination

You may access [www.rta.ae](http://www.rta.ae) to get the service of issuing permanent free of charge parking permissions for people of determination including Emirati citizens and residents or through the Customer Happiness Centres

The customer enters the necessary data, upload the required documents and will receive a text message after 5 working days

if the request is approved, a permission will be delivered to the customer's address through delivery company free of charge and will be valid for 3 years.

from the terms and conditions, the permission will be used in the public parking areas in the Emirate of Dubai and the permission user should be inside the car when using the parking spaces dedicated for the people of determination, otherwise, a violation ticket shall be issued.

Enjoy easier services every day with the Roads and Transport Authority.

## Metro Lines to Expo 2020

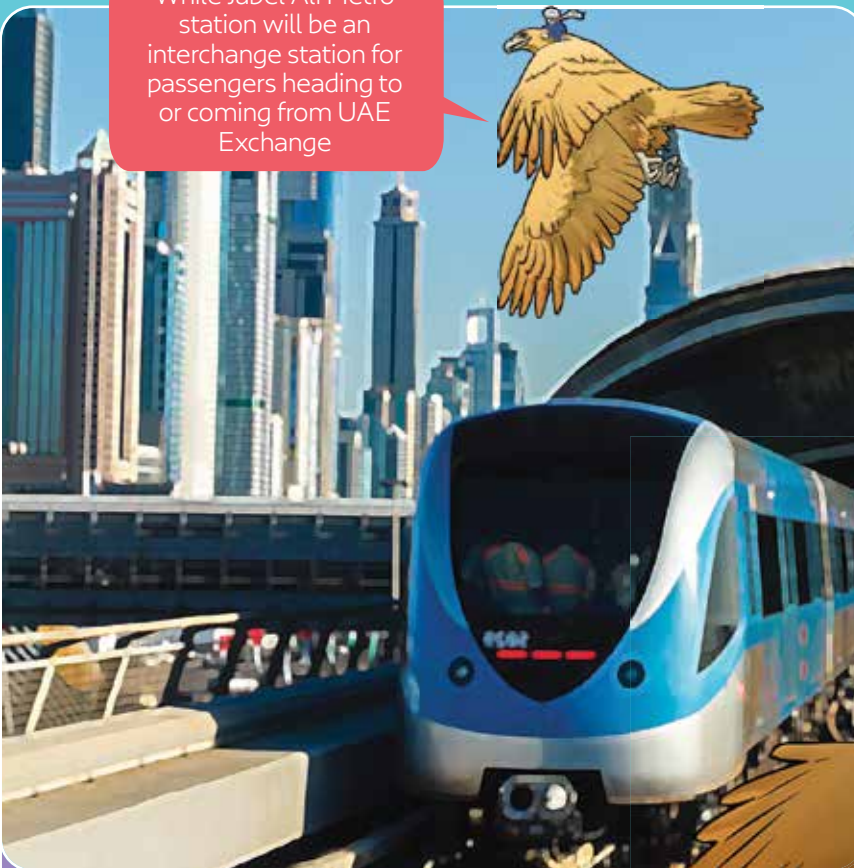

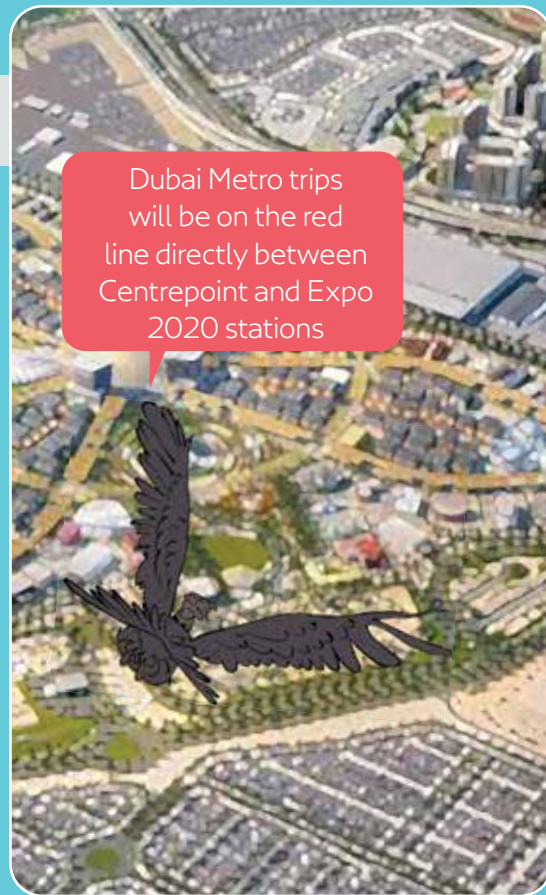

Jabel Ali which is an interchange station with the Red Line, the Gardens, Discovery Gardens and Al Furjan.

While Jabel Ali Metro station will be an interchange station for passengers heading to or coming from UAE Exchange

Dubai Metro trips will be on the red line directly between Centreport and Expo 2020 stations

Thank you Shaheen for this valuable information

You are welcome my friend

## Dubai Drive App

Welcome my friends... today, I will talk about "Dubai Drive" application, which offers advanced services including vehicle ownership certificate, parking and "Salik"

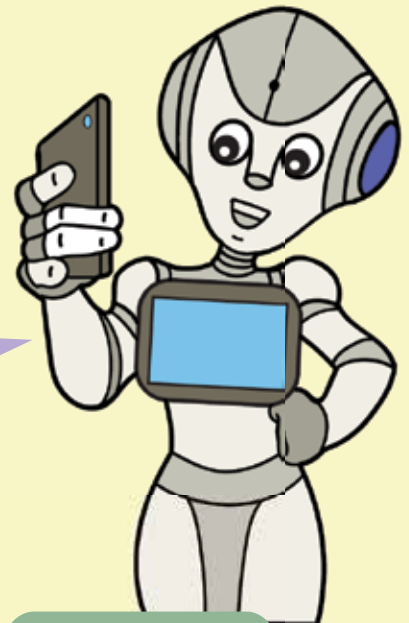

We download the app from (Android), (IOS) or (App Gallery) to enjoy the offered services and benefits.

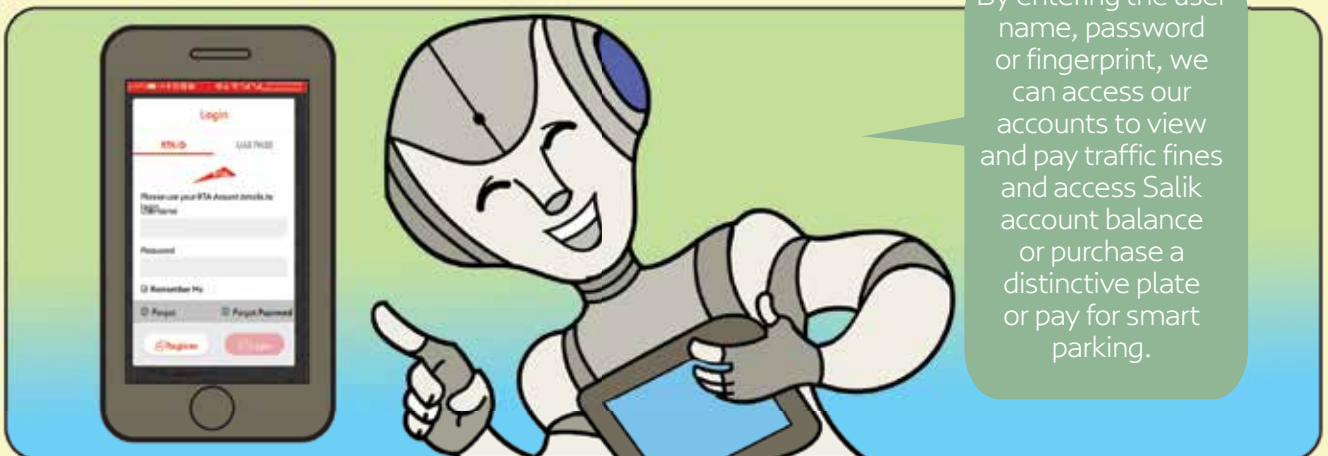

to access the services, we have to register through ID card or UAE pass to complete the transaction.

After adding the user name, e-mail and mobile number, password and personal details, a secret code will be sent to the e-mail or mobile number to enable us access our page.

By entering the user name, password or fingerprint, we can access our accounts to view and pay traffic fines and access Salik account balance or purchase a distinctive plate or pay for smart parking.

## Unique Experience

The mother decided to give Yasser and Sara an opportunity to experience a family adventure full of educational values

Are you ready for our new experience?

Yasser and Sara (together excited): Ready and so excited.

where are we going to do this experience mom?

You will know everything when we reach the shopping mall

The most important is what we are going to do... you have not explained for us the details!

take... a AED100 each... and I will be waiting for you here

No... just to do the shopping alone

Are there any specific conditions that we must abide by?

What is the time allowed for shopping Mom?

Half an hour only

Do we have to spend all the money?

No... you are free to spend whatever you wish from it.

Yasser and Sara enter the hyper market excited to do the shopping and buy stuff according to their choice

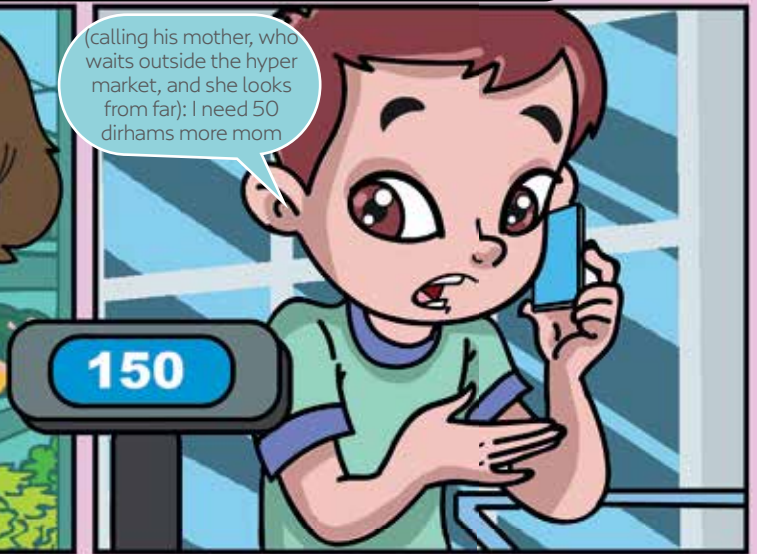

Yasser bought soft drinks, sweet, juices and ice cream for himself and the family... including the housemaid

while Sara bought few stuffs for herself only.

(calling his mother, who waits outside the hyper market, and she looks from far): I need 50 dirhams more mom

You thought about your family Yasser and this is great, but you bought too much sweets

you only took care of yourself Sara, and this wrong, but you learned saving

Thanks Mom... it was a great experience, we learned a lot from it.

We depended on ourselves and shall avoid our mistakes in future

## Salama's Friends

This page is dedicated to Salama Magazine's friends; It opens its arms to the talented and distinguished persons who wish to express their ideas and hobbies, and what is worthy of writing or discussion.

Write to us, don't hesitate, and we will help you to appear on this page in the way that makes you among the distinguished friends of Salama Magazine.

### End the call Not your life

Astory by;  
**Jalquig, Anne**

"Hi mom", "I love you dad", "see you later".

These are some words that we may never hear again from our beloved. Just because of our silly mistake of using our phones while driving. Would you rather hear their voices, laughs and giggles by your side or their cry for help and terror through a phone?

It can wait. Waiting for a few hours or minutes can be the factor that decides whether you live to see another day or have your life ended in a blink of an eye. Ask yourself: is it really worth it? Driving can be physically and mentally draining. Sitting in traffic for long hours just makes it harder for us to resist the temptation of checking our phones. Whether it's about

an urgent business call, a message to say we're going to be late or just so we can entertain ourselves.

No matter the reason, it will put our lives and others lives around us at risk. I live in Deira, Dubai and there is an intersection right in front of where I live. I have seen countless car accidents hitting, oil leaking, parts flying and glass pieces shattered on the ground. If only the driver would pay more attention, these accidents can be reduced and eventually be stopped.

Think about your actions and its effects. Imagine your family's life without you. don't think for a second that they will be alright. Your mom won't be happy without you.
