

# Driving you towards the future of smart services

RTA strives to make you happy. It aims to support Dubai's transformation into a smart city and foster its strategic goals for 2019-2023.

To achieve that, RTA provides a fast and easy access to its services via smart apps designed to meet your needs. Given below is the list of our user-friendly applications on the basis of different user categories:

**Driver & Car Owner Services**

**Public Transport Services**
