RTA

AI Monitoring for Delivery Drivers

It's innovation in motion.

Delivering road safety, every step of the way.

In partnership with the private sector, RTA has implemented the use of AI to monitor adherence to safety codes by delivery drivers. And detect violations, if any. Ongoing since Q2 of 2023.

AI-detected Violations

- Non-compliance with uniforms
- Lack of side labels
- Parking in restricted spots
- Pillion rider
- Damaged delivery box

Know more about our initiatives
GITEX 2023, Sheikh Saeed Hall, Dubai World Trade Centre.

16 - 20 October 2023
