Sweet Words

## Martyr Spirit

Hello friends,

A few days ago, some of our soldiers became martyrs. All of us became sad of such a news, but the spirit of the martyrs and our faith in their sacrifice made us more united and more loving to our homeland.

The best thing a man or a woman can do is defending homeland, and pays his/her life for it. That's why the martyr enjoys a high prestige between his family members and his community.

We are proud of UAE and raise its flag as UAE is proud of its sons and their sacrifices for its sake.

We all pay our lives for our homeland, both our younger and elder ones.

Long live UAE united and strong.

Best Regards

Sajma

## Back to school awareness Activities

Awareness activities and events have started in Dubai Schools. These activities are carried out by Traffic Department in cooperation with the Ministry of Education, Dubai Education Zone and Knowledge and Human Development Authority.

Traffic Department has begun implementing a broad campaign in social media to alert drivers and parents with the risks that might encounter students as a result of wrong behaviours of drivers or road users. The awareness activities included awareness lectures, workshops in addition to distributing "Salama" magazine. The activities included several schools.

## Lecture about Social Media role in Traffic Awareness

Traffic Department has organized among its program (The Expert Employee) an enlightening lecture about the role of social media in traffic awareness. Abdul Fattah Haidara, who gave the lecture, tackled the enormous developments of the new media, which includes social media and its impact on public opinion and behaviour of members of the community.

## Awareness Messages in Cinemas, Customer Service Centres and Driving Institutes

Traffic Awareness Section has posted lots of awareness messages on social media, and across the display screens in many places such as RTA Customer Service Centres, Vox Cinemas as well as driving institutes. Awareness messages tackled information and tips regarding students' safety, safety procedures when driving in school zones, in addition to tips for parents about the importance of focusing when taking children to school, this was among the RTA campaign of "Our Students are Our Responsibility" in cooperation with the Ministry of Interior.

## New Stands for "Salama" Magazine

Traffic Awareness Section has distributed new wooden stands for "Salama" magazine in different places such as public libraries, commercial centres, customer centres and cooperative societies. The design of the stand was in the form of elegant shelves, in which "Salama" magazines are put in a clear way for anyone who wants to acquire it. The aim of this step is promoting the magazine and deliver it to the largest possible number of readers.

## Distributing "Land Travellers Guide" to pilgrims in Ghuwaifat Port

Traffic Awareness Section has distributed "Land Travellers Guide" to pilgrims who are travelling through Ghuwaifat Port, wishing for them an accepted Hajj and a safe pass free of traffic accidents. The Guide includes extensive information about travelling, the requirement of safety procedures, maps for roads in addition to some vehicle maintenance tips.

## (Community Service) participates in the World Day for humanitarian work

Community Service Team of Traffic and Roads Agency has participated in the World Day for humanitarian work that has been organized by The International City of Humanitarian Services in "Dubai Mall", sponsored by Princess Haya Bint Al Hussein; Ambassador of the United Nations Peace Council, the Chairman of the City and the wife of His Highness Sheikh Mohammed Bin Rashid Al Maktoum, UAE Vice President and Prime Minister and Ruler of Dubai.

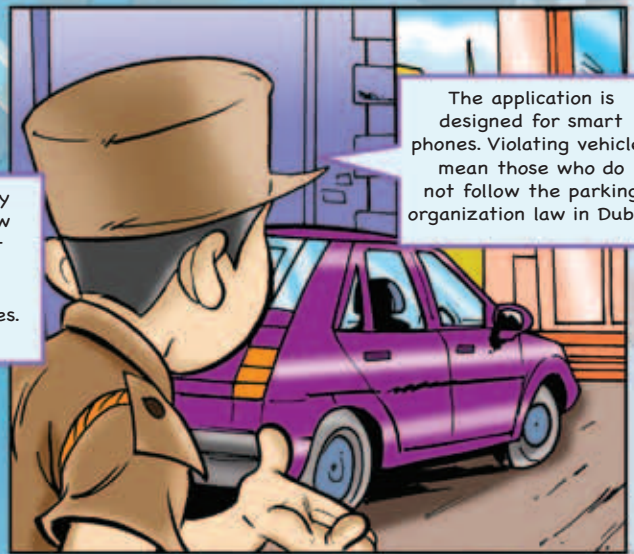

# Inspector Hamad

## Smart Parking Application

Hello my friends.. Today our talk is about a new smart application that allow us - as parking inspectors- to easily identify violating vehicles.

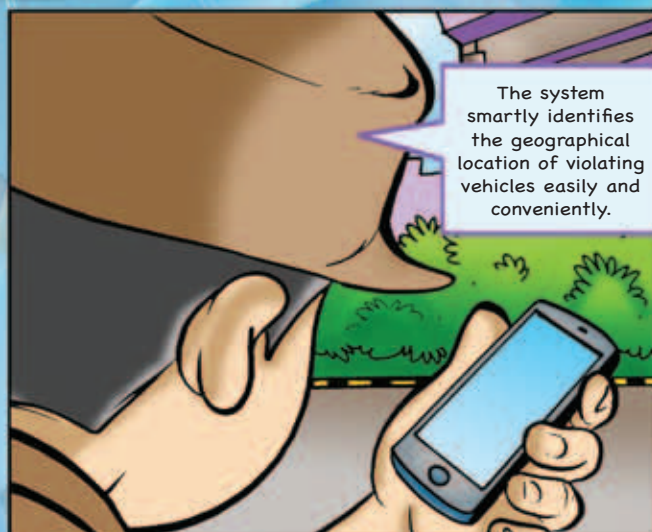

The most important feature of this application is storing data of vehicles committed to parking organization law.

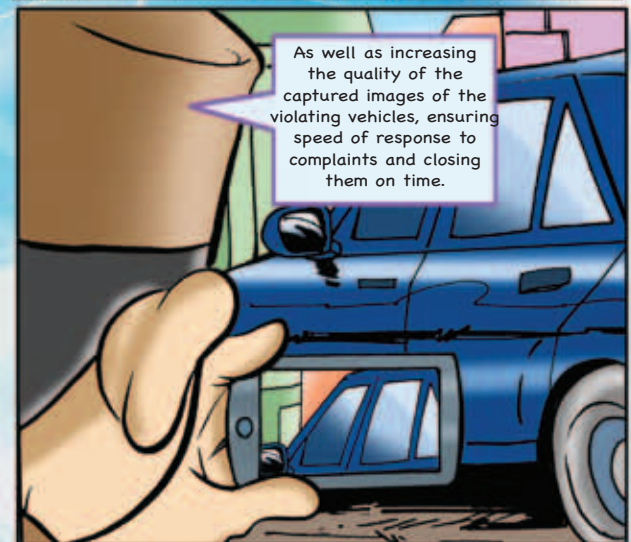

The application is designed for smart phones. Violating vehicles mean those who do not follow the parking organization law in Dubai.

The App. alerts inspectors to take necessary action against violating vehicles.

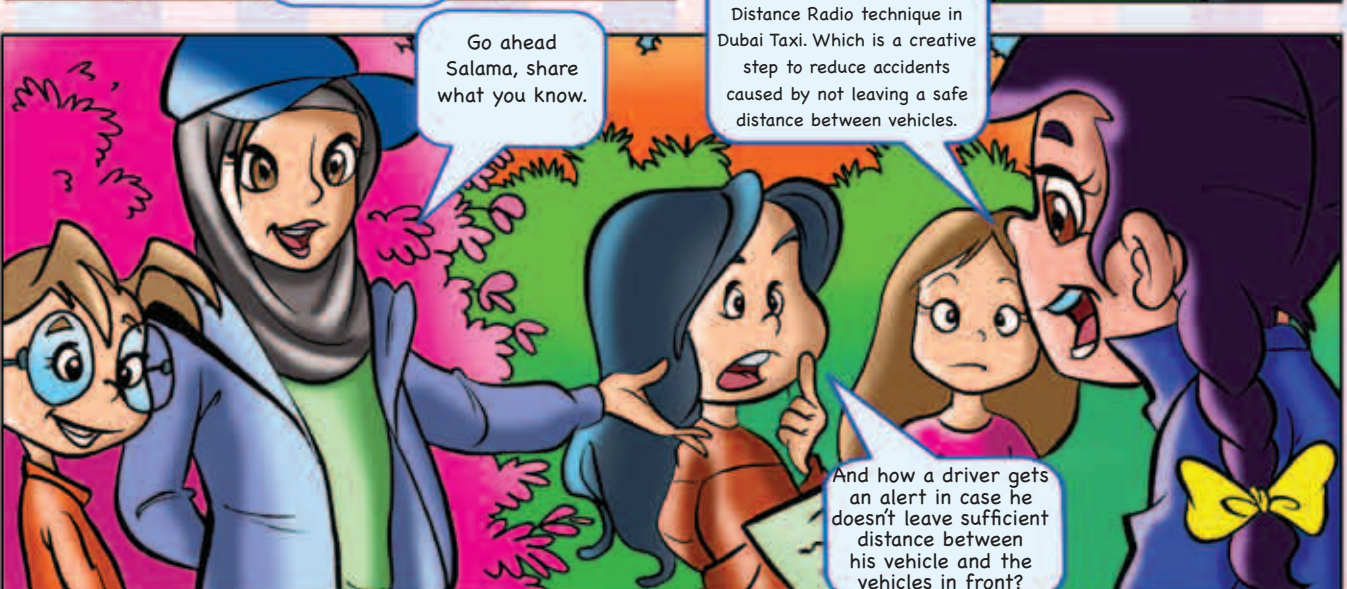

The system smartly identifies the geographical location of violating vehicles easily and conveniently.

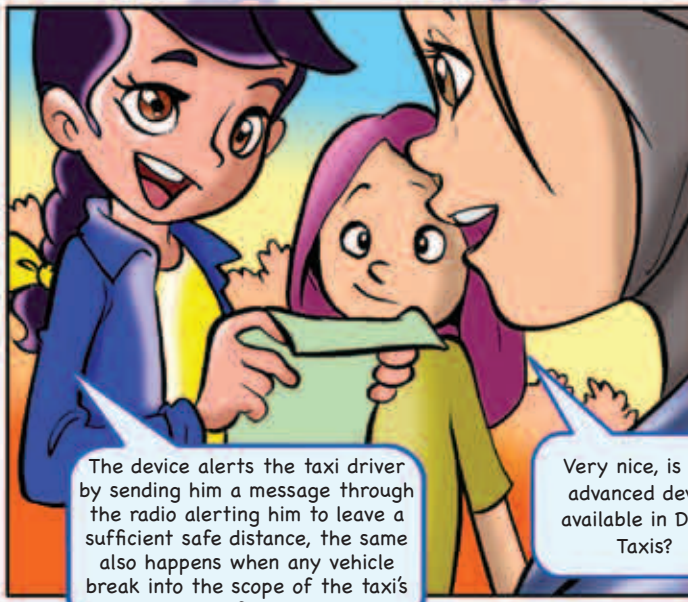

As well as increasing the quality of the captured images of the violating vehicles, ensuring speed of response to complaints and closing them on time.

To report any violations or defects in Dubai roads right of way  
contact RTA's call center: **8008090**  
Together we build the future of Dubai

Very nice, is this advanced device available in Dubai Taxis?

## Engineer Salem

Safety is in cautious, don't speed

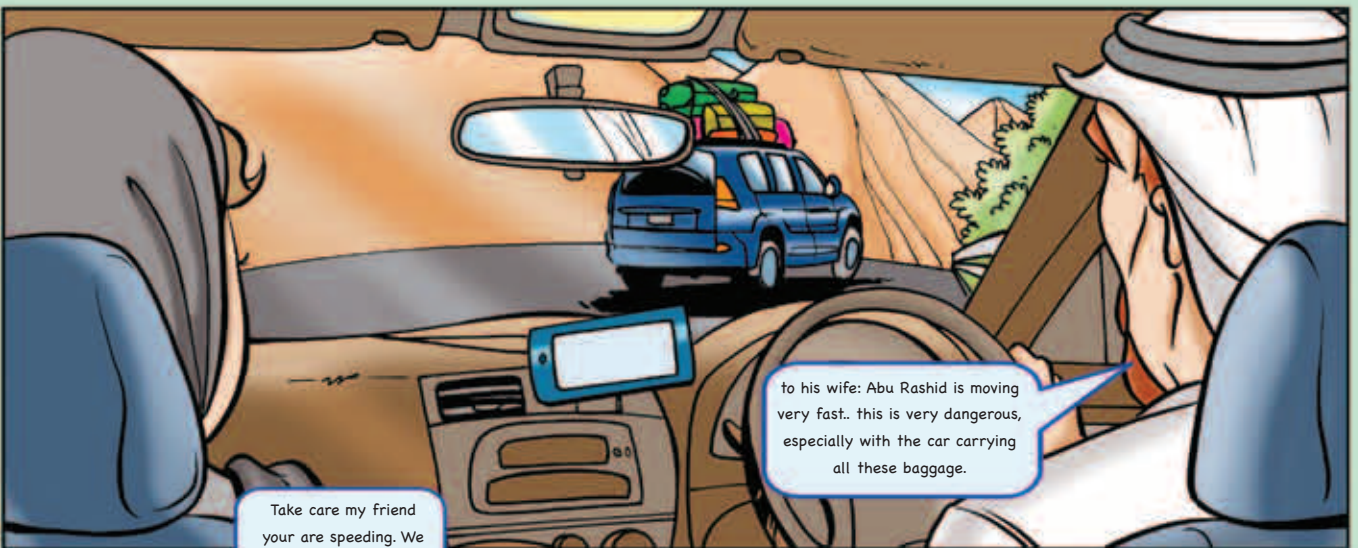

Everyone is excited about Khorefkan trip, but I don't know precisely the resort place.

I'll pass by you at 7 am come behind me and we will reach their easily.

Why all these baggage?!.. Make sure to tie them well in order not to make troubles on the road.

Don't worry Salem, you are very cautious, enjoy your time and don't worry.

to his wife: Abu Rashid is moving very fast.. this is very dangerous, especially with the car carrying all these baggage.

Take care my friend your are speeding. We don't want any anything bad to happen.

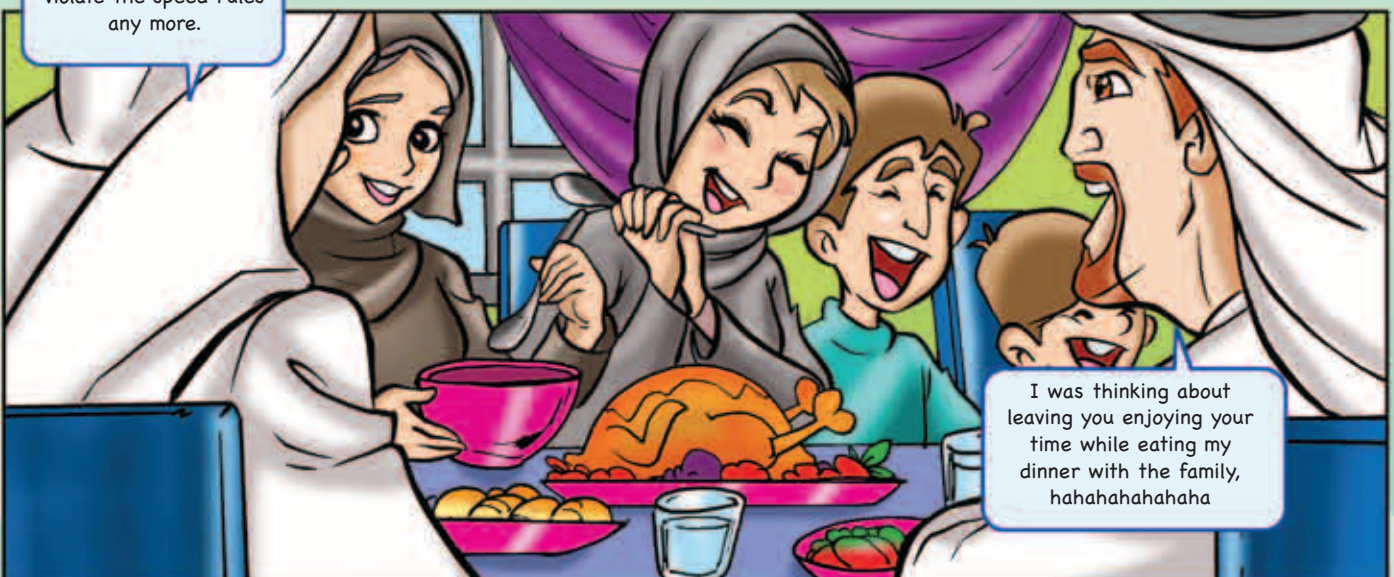

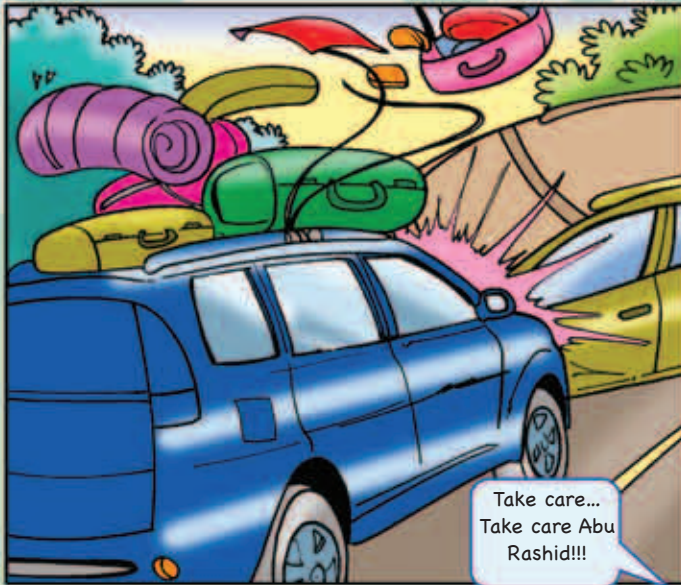

It is a highway Salem, unless you are afraid of Radars.. don't worry, I know their places.

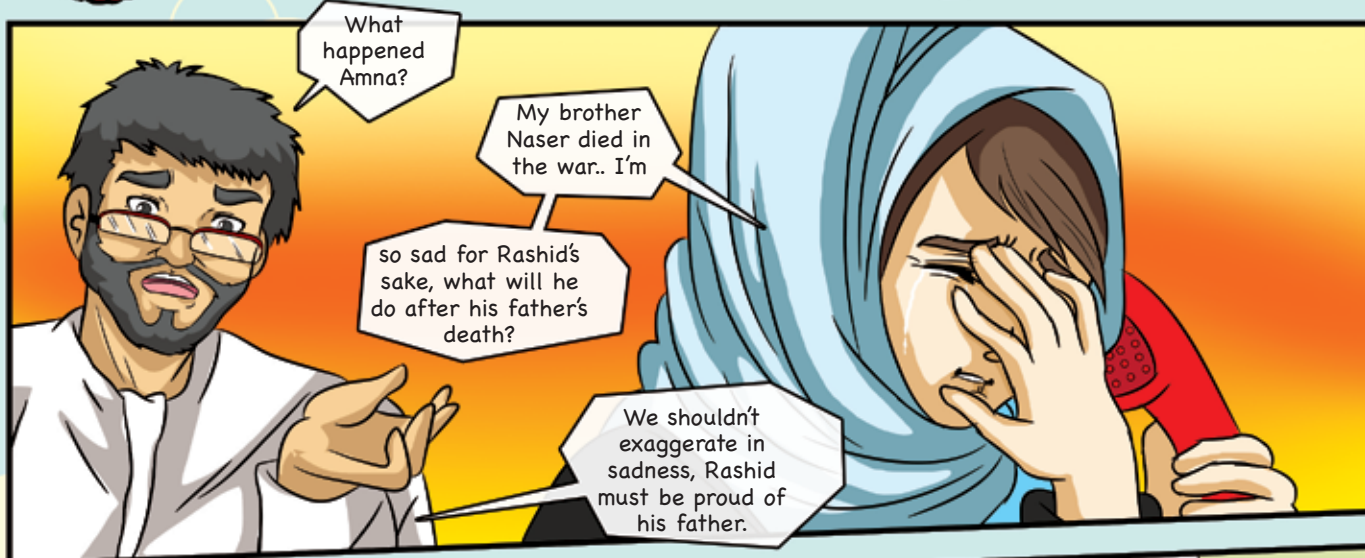

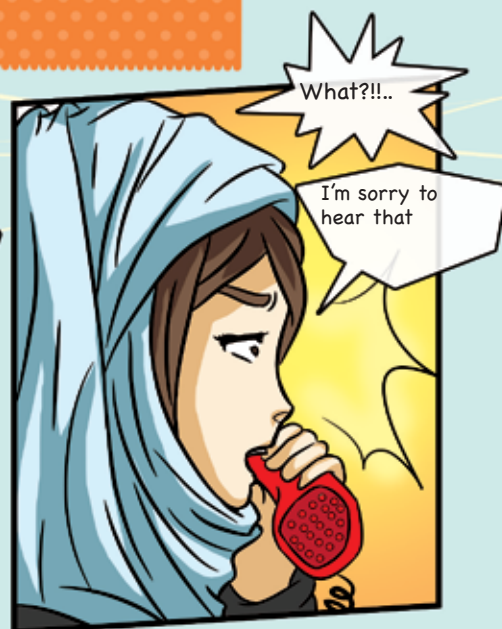

Radars are put for our own protection, you go and I'll go myself.

If you go this slow we will have lunch and wait for you at dinner.. hahahahah

# Traffic Jungle

Let's make a speed bump

There are many children in this street, their safety is everyone's responsibility.

I was in a hurry, I didn't notice my speed.

We have to find a better solution to prevent reckless drivers from driving fast.

I have an idea. How about making a speed bump?

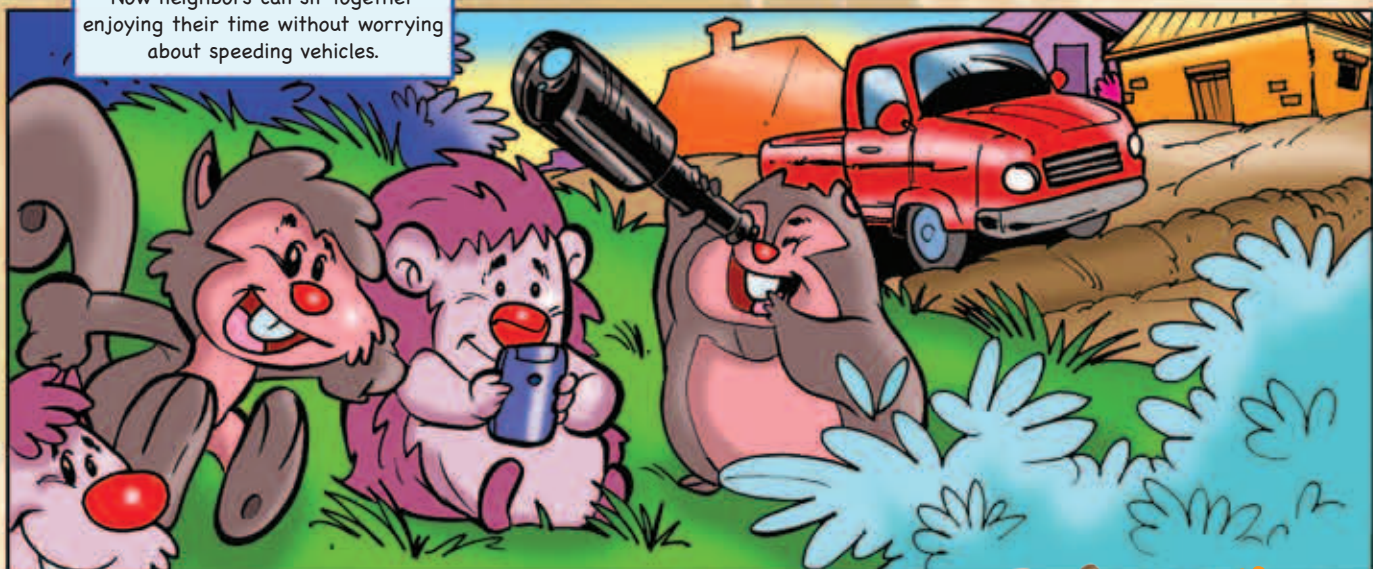

Great idea, I'll propose it to the district officials.

Finally, the bump is done.

We don't have to worry about the speeding vehicles any more.

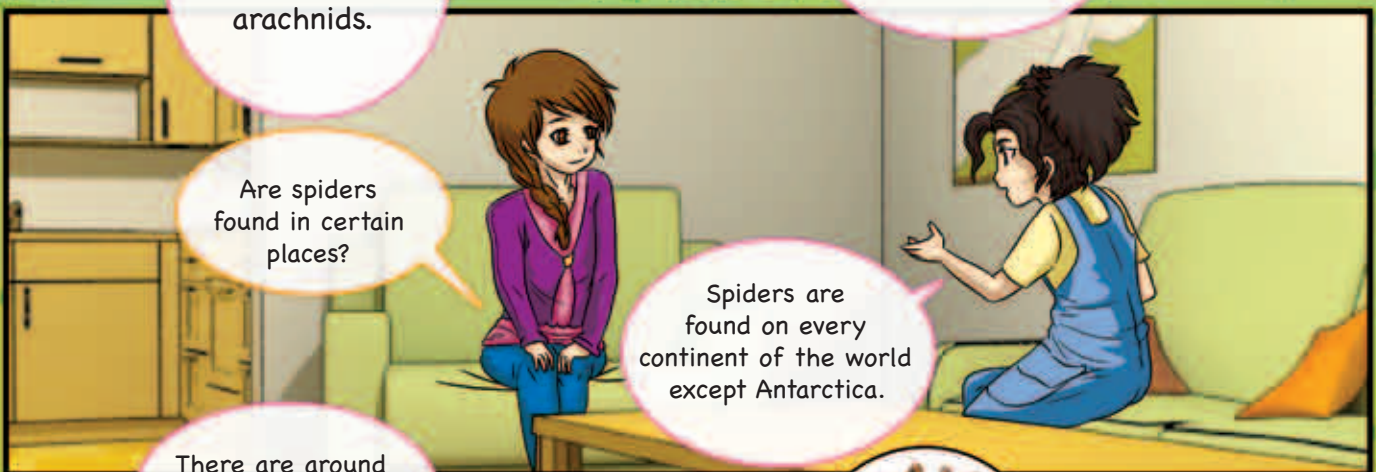

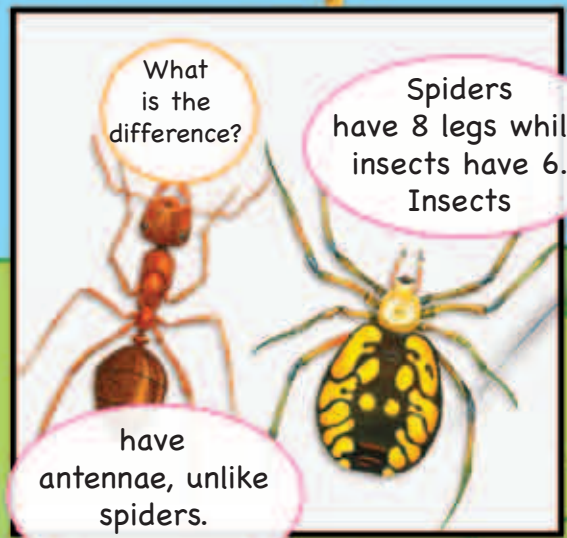

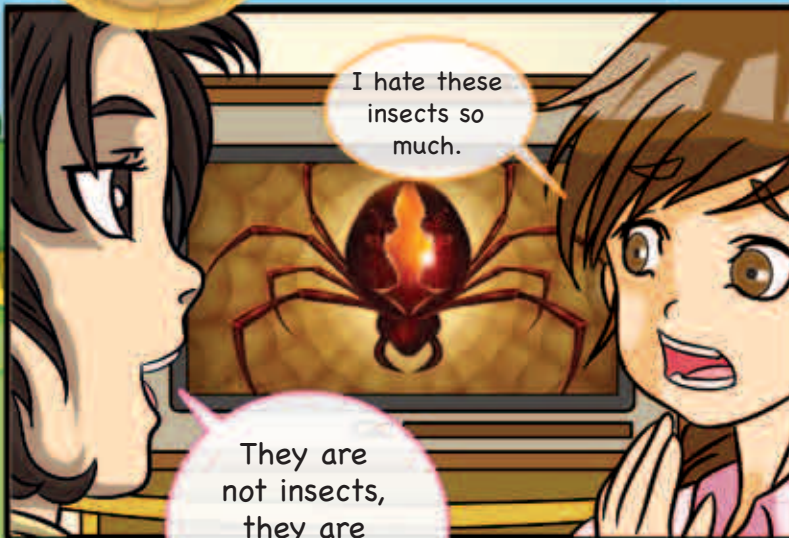

Now neighbors can sit together enjoying their time without worrying about speeding vehicles.

## What do you know about Spiders?

● Scenario: Eman Hosny  
● Drawings: Shaimaa Ibrahim

Do spiders cause any harm to humans?

Few spider species, such as the black widow, can bite humans and inject venom. Deaths from spider bites are rare however.

There is another type of spiders called Tarantulas. Tarantulas are large and often hairy spiders, the biggest species have been known to kill mice, lizards and birds.

Most tarantula species pose no threat to humans.

The largest specie of tarantula is the Goliath Birdeater.

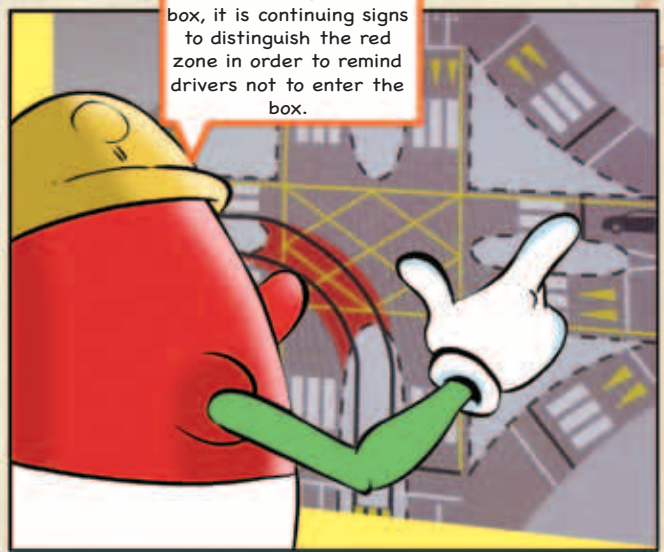

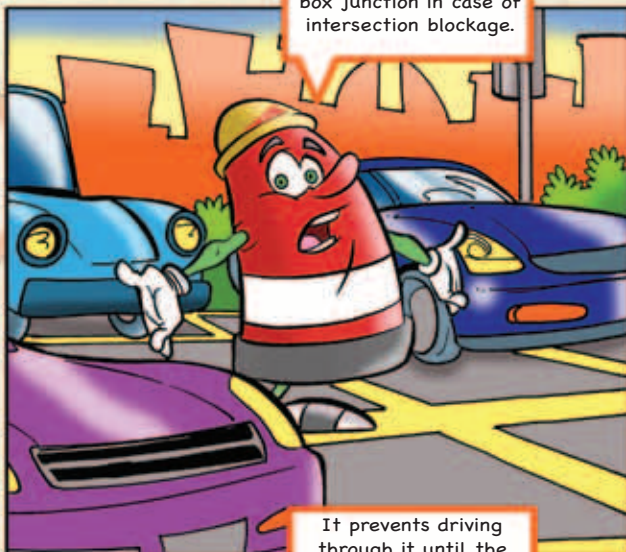

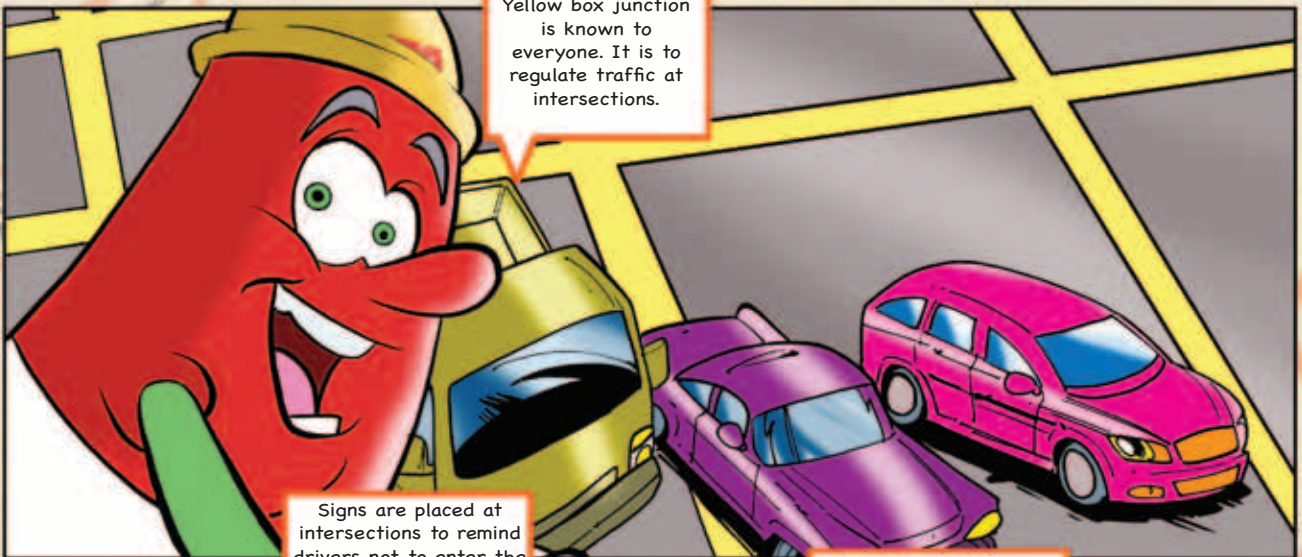

What a wonderful information. You changed my view about spiders.

The End

# Sahih, the Roads Friend

## yellow Box Junction

Hello my friends.. We will prepare a very delicious dish Today. English cake with berries.

### We need the following Ingredients:

$\frac{3}{4}$  cup butter -  $\frac{3}{4}$  cup sugar - 3 eggs - 1 tablespoon Vanilla - 1 teaspoon fresh lemon peel - 1  $\frac{3}{4}$  cup flour - Salt -  $\frac{1}{2}$  teaspoon baking soda - 1 teaspoon baking powder -  $\frac{1}{2}$  cup milk - 1 cup red berry

Mix the butter and sugar in the mixer for 1 minute till it turns to cream.

Add the eggs gradually then vanilla & lemon peel, continue whipping in medium speed for a minute. Add the dry ingredients and the milk gradually then continue mixing for a minute.

Add red berries and mix with a wooden spoon slowly and nicely. Preheat the oven on 180 degree C. Grease and flour a 10 inch English tube pan. Pour the mixture inside it and put in the oven for 30 -35 minutes until it is cooked.

To make our recipe more delicious, add sauce.

1 cup of powder sugar, 2 tablespoons milk,  $\frac{1}{2}$  teaspoon vanilla then mix them and pour on the cake.

My final touch is some fresh red berries above the cake .. Bon appetite!
